How to commission me?

Please read my [T.O.S.](#) before commissioning me. They provide a lot of important information for you as a customer. Please read carefully since you will automatically accept them when commissioning me.

I will announce a commission opening on my social media (e.g. facebook, ...). If the status says "closed", please do not send me any commission orders. If the status says "open", please fill out the form below and send it to my email: cottoneeh@yahoo.com.

Please wait for a response if I can accept your commission or not. When I accept, I will send you an invoice and a notification that you may send the money.

After receiving the payment I will start your commission. Depending on the amount of commissions I accepted, it may take several weeks or a few months for me to finish your order. Please keep that in mind.

Commercial use

“Commercial use” means that you are gaining or generating any kind of profit from the artwork. Profit can be either monetary or non-monetary, but both categories have to be commissioned and priced as a commercial commission.

♥ What is considered commercial use?

Simple commercial rights

If you plan to use your commission as promotional material that you are not selling, but that helps you promote something, it is considered within my „simple commercial use“. This could be for example your youtube channel, your stream or your own website etc. (any type of digital promotion).

Anything considered simple commercial use that you plan has to be discussed with me first.

Commercial commissions will always come with an extra fee.

Simple Commercial fee: Price of personal commission +50%

Advanced commercial rights

If you plan to reproduce, print or sell the artwork as a print/digital file or also printed on goods like charms, mugs, pillows and other merchandise it is considered commercial use. The number of items that you plan to reproduce or sell doesn't matter. Even a small number of products to sell is considered commercial use. Please keep that in mind. The advanced commercial rights also include the simple rights (digital promotion).

Anything considered advanced commercial use that you plan has to be discussed with me first.

Commercial commissions will always come with an extra fee.

Advanced Commercial fee: Price of personal commission +100%
