

ONLINE REGISTRATION FOR FINAL EXAMS (Manual for students)

Students of all study programmes taught in English register for their final state examination electronically via SIS (excluding of the old accreditation Economics and Finance).

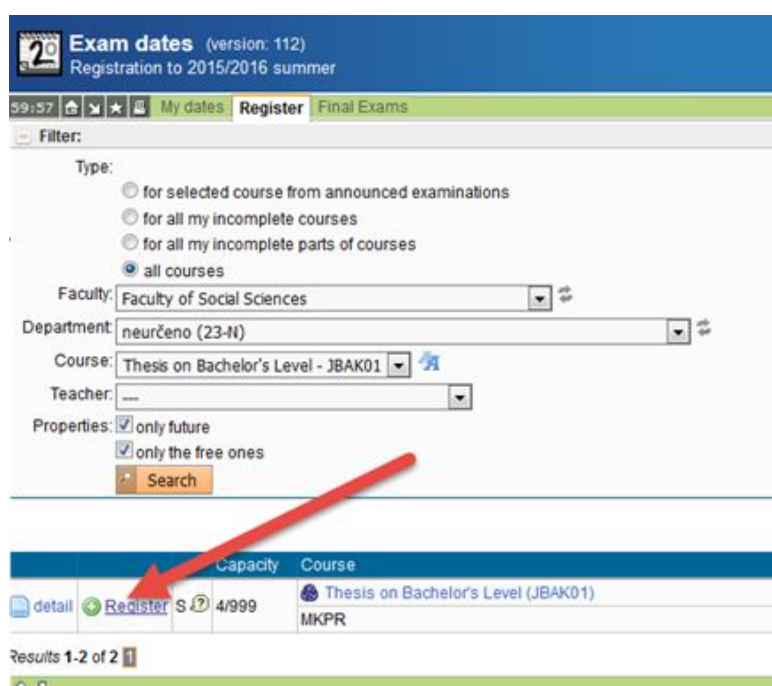

1) First of all, you will want to log into SIS and enter the module "Final exams".

2) You can register for the final state examination in the section "Registration for exam dates of final state examinations". Registration is open only during the dates specified in the current Academic calendar. You can register by clicking on orange buttons "Register for final state examination date" (see picture below). **Warning:** You need to register for a particular exam term/date for **each** of your subjects separately.

Please note that you will be likely registered for a one or two-week long official period. You will be sent the particular date, hour and place of your final exam about one week before the exam.

Successful registration

You can see, on the picture bellow, an example of a student who is properly registered for his/her final exams.

The screenshot displays a web interface for 'Final Exams' with a user profile and navigation options. The main section is titled 'List of exams' and contains a table with the following data:

Code	Name of state exam	Deadline from - to	Term of exam	Result	Write	Date of last attempt
J50421	Thesis on Bachelor's Level	no deadline	SZZ_JAR0 13.06.2016 - 24.06.2016			
J52008	Economic Theory of Marketing	no deadline	SZZ_JAR0 13.06.2016 - 24.06.2016			
J52008	History and Theory of Marketing Communication and Public Relations	no deadline	SZZ_JAR0 13.06.2016 - 24.06.2016			
J52010	Theory of Social Communication	no deadline	SZZ_JAR0 13.06.2016 - 24.06.2016			

Below the table, there are sections for 'Unregistered state examination (with running time)' and 'Status of subjects attached to graduation plans'. The 'Unregistered' section shows a message: 'There is no deadline for some state examination which you haven't registered'. The 'Status of subjects' section shows a list of subjects with their registration status, such as 'Základní předmět' and 'předmět ve zkušební době'.
