

MEETING MINUTES

May 12, 2026

The Transportation and Public Space (TPS) Committee of Advisory Neighborhood Commission 5B held a virtual regular monthly meeting at 7:00 pm on Tuesday, May 12, 2026.

Call to Order

The meeting was called to order at 7:01 pm.

Roll Call

1.	Reid Porter	P	4.	Michael Lambright	P
2.	Lauren Marcinkowski	P	5.	Kate Wolf	P
3.	Bryan Hart	P	6.	Roxana Mondragón	P
7.	Vacant Seat	A	Present (P), Absent (A), *arrived late		

Agenda

Reid Porter moved to approve the agenda. The motion passed.

Approval of Minutes

Bryan Hart noted he needed more time to prepare these, so the Committee did not vote to approve the meeting minutes – postponed until the next voting meeting.

Old Business

1. Transition planning

Reid let everyone know he is stepping down from the Committee and the Chair position, effective at the end of the meeting. There are now two open: 5B07 and 5B01, and the Chair role is also vacant.

It was noted we are not required to have one member per SMD, but the committee and ANC have found it helpful.

Reid suggested all sitting members should advertise the positions to anyone who they think may be interested.

Committee members expressed thanks to Reid for his leadership and dedication.

2. Safe Routes to School action plans

Reid reviewed the overall process DDOT undertakes for a Safe Routes to School study, which involves doing two traffic studies timed with drop off and pickup, reviewing safety data within the school zone, and then recommending specific safety treatments that will be noticed to the Commissioner.

Lauren noted the opportunity with these studies to have a wider range of safety treatments considered than would be under the TSI prioritization process and asked for ideas of how we can best leverage the study.

She raised up the SRTS survey and shared the link and flyer with the group. Roxana volunteered to post this on Facebook and the email list.

Burroughs ES discussion:

- Group is in touch with Cmsr Vizvary and Reid sent her the compilation of past work on the Burroughs school zone.
- Not yet in touch with the Burroughs PTO, but since Cmsr Vizvary is, the ANC is already represented.

Brookland Middle School discussion:

- Lauren volunteered to email Cmsr Martinez Lopez to share the collection of relevant letters, resolutions, and TSIs related to the school area.
- It was suggested we reach out to the school to offer the same.

The group discussed ways to search for past ANC actions related to a specific corridor, intersection, or topic:

- There is a portal OANC runs that documents ANC resolutions from the past two years or so.
- ANC 5B's website has a record of letters and resolution
- Important to also check with the school PTOs or safety groups to get copies of their letters or petitions.

Lauren also raised a question about whether there is any consideration of safety context outside of the 350ft school zone, and will send this question to the Safe Routes to School team contacts.

- If this is relevant, 10th St. resolutions and letters should be raised up to the DDOT team.

PLANNING FUTURE COMMITTEE WORK

1. C63 bus in Brookland

The committee discussed the news Councilmember Parker's team shared that WMATA cancelled all planned bus stop and route changes for FY27 due to budget issues.

2. TSIs

Reid discussed how moving forward, the Committee's plan, per feedback from DDOT and discussions with commissioners, is to look for connecting resolutions, letters, and TSI history that we can raise up to DDOT for each prioritized TSI or cluster of TSIs. The group discussed prioritized TSI requests at the front entrance to Stokes. Kate has heard that the Stokes community is seeking to request a one-way conversion of Perry St. NE. The group will monitor this topic to seek to understand if we recommend a position and action to the ANC.

PUBLIC FORUM

No public comment.

Adjournment

Reid Porter moved to adjourn the meeting. Michael Lambright seconded the motion. The committee voted unanimously to adjourn at 7:54pm.
