

Infinite Campus Directions

Parents and Guardians, it is so important to keep abreast of your child's attendance and progress in his/her courses. The best way is to check on your child through Infinite Campus on the parent portal. If you have not created an account, please create one this week. If you need help, let us know. If you already have an account, we encourage you to routinely check his/her progress.

Click the picture for step-by-step directions.
