

Week 2 Template

State the overarching project goals, two to three goals will be sufficient.

Construct five to seven learning objectives for the project, three objectives for each goal will be sufficient.

Include the appropriate ISTE Standards, and 21st Century Student Outcomes, and if appropriate, content area standards that are addressed in the project. If you are creating a training module for someone outside of teaching, use the [Training Manager](#) competencies instead of content area standards.
