

# REGIONS OF AUSTRALIA

## How is Australia divided into regions?

Australia is divided into six states and two territories.

### States

New South Wales

Victoria

Queensland

Western Australia

South Australia

Tasmania

### Territories

Australian Capital Territory

Northern Territory

1. Choose one of the regions and find out at least 3 exciting things to do there.
2. Find information and photos of the places and save them on your Chromebook.
3. Use a digital movie maker tool or website (Capcut, Moviemaker +++) and make a video. Use the photos you've found and make a voice record where you talk about the places. The video should be between 1-3 minutes in length.
4. Save and export the video and upload it on Google disk. Share it with your teachers.
