

Privacy Policy for Vitamin D Tracker

Data Collection & Usage We respect your privacy and are committed to protecting your personal data. This app collects minimal data (in-app interactions) solely for the purpose of syncing your baby's Vitamin D tracking information with your partner or other caregivers in your household. This is not shared with advertisers.

Anonymous Storage All data stored in our system is associated with an anonymous household ID. We do not require or store personally identifiable information such as your email address, phone number, or full name to use the basic tracking features.

No Ads & No Data Selling We do not display third-party advertisements in this app. We do not sell, trade, or rent your personal data to third parties. Your tracking data is yours and is used only to provide the service to you.

Contact If you have any questions about this Privacy Policy, please contact us through the app's support channels.
