Did not have a quorum to approve last meeting minutes.

No one had any findings on the Eastern Zone proposal. Waiting to see what happens with USA Swimming proposal for Article 105.

For the pre-hod town hall highlight the resources on the website and that there is money available for Adaptive travel for Athletes and Para training for officials in the budget.

Support USA Swimming R5 proposal for the house. It will be helpful to have the resources that the swimmer needs prior to the start of the meet and have the process for all athletes with a disability to be entered in a meet to be standardized.

When asked what they would like highlighted in the Niagara HOD report, they would like to see where athletes/ coaches/ officials from our LSC have traveled.

Next call October 22 at 7pm.

Adjourn 7:23pm
