

Online Asynchronous

A class where the coursework is fully online and does not require specific meeting times. Your instructor will provide due dates and you will have flexibility in what time of day you work on the course (asynchronous). Online courses require the use of a computer, the internet, EvCC's learning management system (Canvas), and/or other software.

Online Scheduled

An online class that has required, scheduled, virtual meetings (synchronous) requiring use of a computer, the internet, EvCC's learning management system (Canvas), and/or other software.

Online Scheduled w/In-Person

An online class that has required, scheduled, virtual meetings (synchronous) requiring use of a computer, the internet, EvCC's learning management system (Canvas), and/or other software. The class also requires in-person activities such as an orientation, testing, labs, field trips, etc.

Flexible

You can attend your scheduled class in-person, via livestream, online, or through a combination of those options with the flexibility to change how you attend class from week to week. The course will have a scheduled start and end date. Instructors will provide due dates.

Hybrid

A balance of face-to-face and online instruction, offering unique instructional benefits to you as the student. This model offers accessible face-to-face time with your instructor and peers, with a significant amount of required self-directed coursework online. Face-to-face times are defined in the EvCC Class Schedule. HY classes come in many varieties, please check the class schedule for exact days and times.

In-Person

A class that meets face-to-face at scheduled meeting times but does not require that the student turn in work online or participate in online activities using a learning management system (Canvas). A computer may be required for word processing.

In-Person Web Enhanced

A class that meets face-to-face at scheduled meeting times and requires the use of a computer, the internet, EvCC's learning management system (Canvas), and/or other software.

Individualized Instruction

One-to-one instruction in which a student meets individually with an instructor according to a mutually agreed upon schedule and plan. This instruction mode may include internships, Honors Capstone, or specialized content classes where students collaborate with faculty to develop individualized learning agreements.
