

Welcome! We have officially reached the end of not only V3, but all of the Danganronpa games...that is, until they decide to make another game someday.

The purpose of these docs are to combine moments from each Danganronpa game that can be easily skipped or missed from an average normal playthrough.

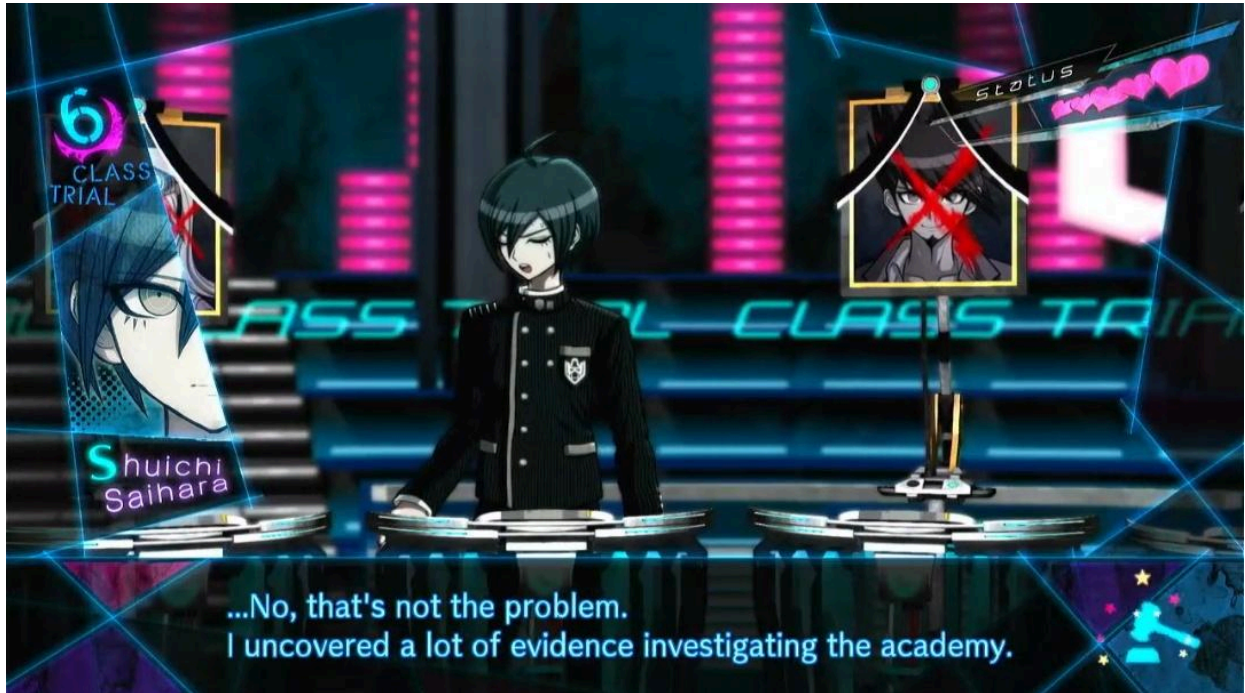

**IMPORTANT:** Please keep in mind that I have purposely cut out as many repetitive lines of dialogue and monologues as possible. So, even if a sentence or two is worded *\*slightly\** different, I try not to include it. The only times I include repeated lines is when it's necessary for context.

Also, certain lines like let's say for example—looking at a surveillance camera—can be repeated at random times or locations. It would take *\*way\** too long to include exactly when or where lines are repeated, so I'm not gonna bother doing that.

You're right!

*"Unless they used the interval between shots."* - **Keebo**

Interval? Wuzzat?

**A twin sister...**

**Could Kaede be...?**

happened..." - Keebo*

**Oh, that sounds bad!**

*"because Junko had prepared countless ways of spreading despair!" -*  
**Keebo**

**She did no such thing!**

**Oh, maybe she did...**

*"Like the killing game of the 78th class of Hope's Peak Academy."*  
**- Himiko**

**The 78th class, right?**

*"They were held prisoner by the Ultimate Despair." - Maki*

**Were they really prisoners?**
