

Vision Statement:

Living in Authority Ministries: Level Up Youth Enrichment program envisions that all students will attain the highest level of academic knowledge, become proficient at their grade level in reading, mathematics, and science, and contribute to their community.

Mission Statement:

Living in Authority Ministries: Level Up Youth Enrichment program will create a safe, nurturing, and effective enrichment program that provides strong academic, social, and physical skills outside the school day.

Core Priorities:

1. Afterschool and summer learning programs will be governed by the established school rules and procedures.
2. Afterschool and summer learning programs will align with the school day curriculum through fun and motivating learning activities.
3. Afterschool and summer learning programs will be monitored for effectiveness and sustainability through quality assurance meetings.
