

Carpool Registration and Matching Procedure for Parents

Foxborough Regional Charter School aims to assist families in connecting with other families interested in carpooling. This courtesy service will facilitate the sharing of information to help families arrange safe and convenient carpooling options. **Please note that the school will not manage, oversee, or verify these carpools.**

Should you have an existing carpool already, you do not need to fill out this form, but please ensure that the adults authorized to pick up your child are noted in your emergency contact information with the front office.

1. Registration Process:

- Families with existing carpools or those interested in forming one can fill out the appropriate registration form provided by the school.
- Families seeking a carpool partner can fill out a separate form and submit it to the school to be added to the carpool database.
- The school will collect the information and share it with families who have expressed interest in carpooling. This will allow families to connect and arrange carpools independently.
- This system is solely for sharing information; the school will not be involved in managing carpools, verifying participants, or ensuring compliance with carpool agreements.

2. Information Sharing:

- The school will maintain a secure list of registered carpools and contact details of families looking to join or form carpools.
- Registered families will receive contact information for other interested families, enabling them to reach out and establish carpool arrangements.
- It is the responsibility of the families to connect, communicate, and arrange all carpool details, including pick-up/drop-off times, schedules, and safety protocols.

3. Safety and Privacy:

- Families should prioritize the safety of all students involved by ensuring that all drivers have valid driver's licenses, proper insurance, and, if desired, background checks.
- Participation in the carpool system is voluntary, and families are encouraged to openly discuss expectations, responsibilities, and any specific needs or preferences with their carpool partners.
- The school emphasizes the importance of transparency and communication to ensure a smooth and safe carpooling experience.

4. Liability Disclaimer:

- Foxborough Regional Charter School is not responsible or liable for any issues, incidents, or accidents that may occur during carpooling.
- By participating in this carpool registration and matching process, families acknowledge that they are participating at their own risk and must independently ensure the safety and reliability of their carpool arrangements.

If you have any questions or need assistance with the registration process, please contact the school's main office. Thank you for helping us create a safer and more convenient commuting experience for our students!

CREATE GOOGLE FORM - Carpool Matching Interest Form

For families seeking other families in their area to carpool with.

Form Fields:

- **Family Name:**
- **Primary Contact Name:**
- **Phone Number:**
- **Email Address:**
- **Student Names and Grades:**
