Dear Parents and Guardians,

We hope this message finds you well. The safety of our Rangers is our top priority. We want to inform you about some upcoming safety and security measures we are implementing.

In the coming weeks, we will be conducting safety and security drills and training sessions at both campus school buildings. These drills are designed to prepare our students, staff, and faculty for various emergency situations, ensuring that everyone knows how to respond effectively and stay safe. Your child's safety is of utmost importance to us, and these drills are an essential part of our commitment to maintaining a safe and secure learning environment.

For security reasons, the specific dates and times of these drills will not be publicly disclosed. The drills will be orchestrated in collaboration with the District's security consultant, School Resource Officers, and local emergency personnel. We kindly request your understanding and patience, as these drills may temporarily affect campus access and cause inconveniences for visitors.

Thank you for your continued support, and together, we will ensure the safety and welfare of all our Rangers.

Thank you for your understanding and cooperation.

Sincerely,

Dr. David Lehman
Superintendent

Dr. Rob Dill
Assistant Superintendent
