Hey Name.

I've analyzed your website and social media accounts to find what problems you may have that keep you away from making more profit.

I found a few.

I took notes and I'd love to share them with you if you'd be okay with it.

Have a great one 🤝

Salut Tania.

J'ai analysé ton site web et tes réseaux sociaux pour trouver quels problèmes tu as qui pourrais te retenir de faire autant de profit que ce que tu pourrais faire.

J'en est trouvé quelques uns et donc je les ai pris en notes.

J'aimerais bien te les partager si c'est correct avec toi.

Passe une bonne soirée et à bientôt. 🙌

Samuel

Est ce que ça t'intéresse? Ou (Pour avoir (what they want), tu dois faire ça)

Hey Courtney!

To upgrade your business you're probably trying out ways to gain more attention.

To achieve that, try to post more frequently and post a little about your services. Also, use copywriting in your captions to make your readers take action.

Try it out and let me know and well it goes for you 😊.

SL: Are you looking to boost the revenue from your pet sitting business?

Hey Marta and Lidia,

I really enjoy the little moments you share with the pets you take care of on your Facebook account.

And you could boost your revenue and have more attention on your Facebook account.

I'm not just a nobody who's trying to sell you some useless services. I'm a Digital Marketing Expert and could help you grow your business.

I'm certain you would benefit from my help and grow your business.

What do you think Marta (or Lidia)? Are you okay with the amount of money you're earning at the moment or are you trying to make more?

Talk soon,

Samuel

Hey Alexanne!

I love the way your website is set up. You probably hired a professional and it shows. Great website!

Would you be interested in a partnership to get you more attention and revenue?

You could benefit from this partnership a lot. What do you think?

Oh, it's also risk free!!
