

SUGGESTIONS AND INSIGHTS

Symphonic Skies: Elevating the Cultural Scene through a Music Complex using Interdisciplinary Approaches and Aural Aesthetics in Clark Global City, Philippines

You may write down any comments below. Your insights will help me on my architectural thesis project. Thank you!

you may send me an email at jeremiahjabez.mendoza.archi@ust.edu.ph for other concerns/inquiries.

- Inclusive for deaf people/community?
- Will the feature (architectural elements/facade generates music through natural interaction: wind, rain, humans) be just a noise or might be unpleasant and uncontrollable?
-
-

SUGGESTIONS AND INSIGHTS

Symphonic Skies: Elevating the Cultural Scene through a Music Complex using Interdisciplinary Approaches and Aural Aesthetics in Clark Global City, Philippines

NOTE: if you'd like to read my initial thesis manuscript, you may send me an email at jeremiahjabez.mendoza.archi@ust.edu.ph

SAMPLE TABLE OF CONTENTS BELOW:

TABLE OF CONTENTS

TABLE OF CONTENTS.....	4
LIST OF TABLES AND FIGURES.....	7
ABSTRACT.....	1
CHAPTER I.....	2
1.1 Background of the Project.....	2
1.2 Statement of the Problem.....	3
1.3 Project Goal and Objectives.....	4
1.4 Significance of the Project.....	5
1.5. Scope and Limitations.....	6
1.6 Definition of Terms.....	7
CHAPTER II.....	
2.1 Definition of Music.....	
2.2 Music that creates cultural identity.....	
2.3 Music as an approach to architecture.....	
2.3.1 Harmony in Music.....	
2.3.2 Harmony in Architecture.....	
2.4 Music in relation to its surroundings.....	
2.5 Buildings that create music.....	
2.6 Filipino Vernacular Architecture.....	
2.7 Architectural acoustics.....	
2.8 Impact of architecture on buildings and structure.....	
2.9 Advantages of buildings in a global city.....	
2.10 The Music Industry in the Philippines.....	
2.10.1 Income Trends of Filipino Artists in the Philippines.....	
CHAPTER III.....	10
3.1 Theoretical Framework.....	10
3.1.1 Fluidity in Architecture.....	11
3.1.2 Acoustic Design.....	12
3.1.3 Structural Expressionism and Space Flexibility.....	14
3.1.4 Manipulation of Light and Natural Elements.....	15
3.1.5 Filipino Vernacular Architecture.....	16

SUGGESTIONS AND INSIGHTS

Symphonic Skies: Elevating the Cultural Scene through a Music Complex using Interdisciplinary Approaches and Aural Aesthetics in Clark Global City, Philippines

3.2 Conceptual Framework.....	17
3.2.1. Principle of Aural Harmony in Architecture.....	18
CHAPTER IV.....	32
4.1 Initial Design Directions.....	32
4.2 Inspiration Pegs with Citations.....	33
4.2.1 Paloma Music Complex in Nîmes, France.....	33
4.2.2 Taipei Music Center in Nangang District, Taiwan.....	35
4.2.3 Sydney Opera House in Sydney, Australia.....	37
4.2.4 Perelman Performing Arts Center (PAC NYC).....	38
CHAPTER V.....	41
5. 1 Research Methods.....	41
Table 5.1. Data Requirements.....	42
5.1.1 Ethical Considerations.....	42
5.2 Research Tools.....	43
5.2.1. Surveys, interviews, and focus group discussions.....	43
5.2.2 Case studies.....	43
5.2.3 Logical argumentation.....	43
5.2.4 Site visit and assessment.....	44
5.2.5 Photo documentation.....	44
5.3 Research Data.....	44
5.3.1 Data Analysis.....	44
CHAPTER VI.....	46
6.1 Project Description.....	46
6.2 Building Typology.....	47
6.3 Project Architectural Contribution.....	47
6.4 Target User Profile.....	48
6.5 User Behavior Analysis.....	49
6.5.1 In a museum or an exhibit.....	49
6.5.2 In a concert, performance, or music event.....	50
6.5.3 In a mall, commercial space, or public recreational areas.....	52
6.6 Client Profile.....	52
6.6.1 Background of the Client.....	52
6.6.2 Mission and Vision.....	54
6.7 Legal Framework.....	54
6.7.1 Republic Act No. 7356.....	54
6.7.2 Republic Act No. 9246.....	55
6.7.3 Republic Act No. 10066.....	55

SUGGESTIONS AND INSIGHTS

Symphonic Skies: Elevating the Cultural Scene through a Music Complex using Interdisciplinary Approaches and Aural Aesthetics in Clark Global City, Philippines

6.7.4 Presidential Decree No. 1505.....	55
CHAPTER VII.....	56
7.1 Criteria for Site Selection.....	56
7.1.1 General Criteria (60%).....	56
7.1.2 Specific Criteria (40%).....	57
7.2 Site Description.....	57
7.2.1 Site A (Pasay City, Metro Manila).....	57
Accessibility to Modes of Transportation (SITE A).....	59
Soil Characteristics (SITE A).....	59
Accessibility to Services and Utilities (SITE A).....	60
Vulnerability to Natural Hazards (SITE A).....	61
Site Orientation (SITE A).....	63
7.2.2 Site B (Mandaue City, Cebu).....	64
Accessibility to Modes of Transportation (SITE B).....	65
Soil Characteristics (SITE B).....	66
Accessibility to Services and Utilities (SITE B).....	66
Vulnerability to Natural Hazards (SITE B).....	68
Site Orientation (SITE B).....	68
7.2.3 Site C (Clark Global City, Mabalacat, Pampanga).....	69
Accessibility to Modes of Transportation (SITE C).....	69
Soil Characteristics (SITE C).....	71
Accessibility to Services and Utilities (SITE C).....	71
Vulnerability to Natural Hazards (SITE C).....	73
Site Orientation (SITE C).....	74
7.3 Site Selection and Justification.....	76
7.4 Site Profile.....	79
7.4.1 Macro Site Profile.....	79
Regional Location.....	79
Environmental Conditions.....	80
Economy.....	82
7.4.2 Micro Site Profile.....	83
Site Dimensions and Boundaries.....	83
Access and Transportation.....	83
Utilities and Services.....	83
BIBLIOGRAPHY.....	85
