

Malaysian Bronies Society Birthday Party Report 2

19th February 2012 @ McDonald's Kepong

Dear Princess Celestia,

Today our group participated in a rather joyous occasion of celebrating one's 16th birthday in a rather popular fast food chain restaurant famous for its burgers. Recently, Scootaloo made headlines in Germany so all this is entirely relevant. A total of 6 members were present and the others were made up of non-members. Although the agreed upon time of meeting was set at 11am, most if not all of us missed that time by at least half an hour. This is accepted as normal in Marelayasia.

The food served was delicious and the festivities first rate. With a nice, rounded number of 6 members and a cake featuring the Mane 6, the highlight of the event was the cutting and

distribution of cake according to best pony. Naturally, Fluttershy wins this one hooves down but others might not agree. It is this diversity of opinions that keep us so interesting. Balloons were provided by Surprise, who was more than fashionably late by Rarity's standards. Nonetheless, the little colourful floating things brought plenty of smiles to the little ones; and this is totally awesome.

We viewed the latest episode, A Friend in Deed in Hi-Derp on a laptop after lunch. Many smiles were generated that day. We filled the rest of the time with random chit-chat about all things pony and other stuff. There were some pretty strong reactions when we found out the cost of the cake. A few of us had trouble eating the it: some simply did not have the stomach capacity for all the pony & others simply couldn't bear to nom the pony, period. This is perfectly normal.

We adjourned at about 2.30pm with fond memories and a full belly. The birthday pony was pleased that the event was successful, and to top it off he even got a few presents from it. Although, we didn't need to bring a gift, being there would be enough. Birthdays mean having fun with friends; not getting lots of stuff.
