

What do you do if you are a close contact??? If a student or staff member is identified as a close contact to a school-associated case, (within 6 feet for 15 minutes or more cumulatively in a 24 hour period), please choose from one of the 3 options below. Individuals that are close contacts to a positive case that is NOT a school-associated case, can only choose from option 1 or 2. All information is aligned with CCPHD guidance.

Option 1 - Out of School 10 Days	Option 2 - Out of School 5 Days, 1 Test	Option 3 - Test and Stay in School
Complete full 10 Day Quarantine No testing required	Return on Day 6 with a negative test on Day 6	Test daily for 6 days, mask for 5 days, stay in school each day!!
	Mask wearing is recommended for full 10 DAYS!!!	
<ul style="list-style-type: none"> Once identified as a close contact, student/staff may return to school, if symptom free, following a full 10 day quarantine. No testing required. Student/staff should continue to monitor symptoms for 14 days. 	<ul style="list-style-type: none"> Once identified as a close contact, student/staff will be placed on a 10 day quarantine. If symptom free, student/staff can return to school on day 6 with a negative antigen or PCR test taken on day 6 of quarantine. Student/staff can receive an antigen test at home, at school, or at an outside testing center. Student should continue to monitor symptoms for a total of 14 days. 	<ul style="list-style-type: none"> Once identified as a close contact, student/staff will be placed on a 10 day quarantine. If symptom free, student/staff can take an antigen test each day for 6 days and attend school with a negative test result. If at-home test is used, parents must provide a signed form documenting the test results to the school EACH day that a student returns to school during the 6 day period. Parents must retain all test results for a period of 30 days. A copy of the test documentation must be provided to a representative of the CCPHD upon request. Student/staff MUST wear a mask at all times during school and any school activity (including athletics) during the full 5 day quarantine period. Student should continue to monitor symptoms for a total of 14 days  

Exemptions from any required quarantine or testing:

- K-12 Student aged 5-17 has received primary series of vaccine
- Student or Staff 18 years or older and has received all of recommended vaccine doses, including boosters and additional primary shots for some immunocompromised people.
- Student or Staff has received a positive COVID-19 test result in the last 90 days
- Student/Staff was exposed in a classroom or bus setting with universal masking present

What do you do if you test positive??? If a student or staff member tests positive for COVID-19, they can now choose from the following isolation procedures. Please contact your school office as soon as possible to notify them of positive test results. All information is aligned with CCPHD guidance.

Option 1 - Out of School 10 Days	Option 2: Out of School 5 Days, Negative Test to Return Early on Day 6
<p>Complete full 10 Day Isolation No testing required Applies to a symptomatic OR asymptomatic case.</p>	<p>Return on Day 6 with a negative test on Day 6. Symptoms must be resolving and be noticeably better. If asymptomatic upon first test, and symptoms develop, 5 day isolation begins over!</p>
<ul style="list-style-type: none"> Once identified as a positive case, isolate for a full 10 days from onset of symptoms. If asymptomatic, full 10 days of isolation begins on date of positive test. No additional testing required to return to school, but individual should be experiencing improving symptoms for 24 hours.. Student/staff should continue to monitor symptoms for 14 days. <div data-bbox="254 941 485 1170">  </div> <p data-bbox="268 1177 470 1252">Positive Cases Must Isolate</p>	<p>MASK WEARING IS REQUIRED FOR FULL 10 DAYS!!!</p> <ul style="list-style-type: none"> Once identified as a positive case, student/staff will be placed on a 10 day isolation. If symptom free or noticeably improving symptoms, student/staff can return to school on day 6 with a negative antigen or PCR test taken on day 6 of isolation. Student/staff can receive an antigen test at home, at school, or at an outside testing center. Documentation of negative test results must be provided to the school. If at-home test is used, parents must provide a signed form documenting the test results to the school. Parents must retain all test results for a period of 30 days. A copy of the test documentation must be provided to a representative of the CCPHD upon request. Student/staff MUST wear a mask at all times during school and any school activity (including athletics) during the full 10 day isolation period. Student/staff should continue to monitor symptoms for a total of 14 days. <div data-bbox="951 1027 1278 1248">  </div> <div data-bbox="1346 1065 1423 1146">  </div> <div data-bbox="1560 1052 1793 1219">  </div>
