Green Up Initiative: Zero Waste Systems Panel

Attendance = 1 credit

Background: The Green Up Initiative (GUI) is an environmental club that focuses on promoting environmentally-friendly actions on a student budget.

Event Description: This panel discussion is hosted by the Green Up Initiative and tackles the different systemic approaches universities have taken to introduce and encourage their community to be mindful of their waste production on an individual level as well as on a campus-wide scale.

SDG Relevance: 11, 12
