WELLSVILLE
Unified School District 289

School districts across the nation are facing challenges with supply chains and a lack of delivery drivers. Our school district in partnership with Opaa! Food Management is committed to serving quality, nutritious meals to students and staff. Like many other school districts across the nation, Opaa! is experiencing supply chain issues and lack of delivery drivers. This may result in a reduced number of entrée choices available for breakfast and lunch until the supply chain issues are improved. It may also result in not having a' la carte items at the secondary level temporarily.

We appreciate your patience and understanding during this time while Opaa! Registered Dieticians and Culinary Team develop menu substitutions as needed. Rest assured a free breakfast and lunch will be available to all students. We encourage you to check the district website or app for the most up-to-date menus.

Please contact the district office at 785-883-2388 with questions and, as always, thank you for allowing us to feed your children!
