PAYMENT METHOD
My commissions are open to European clients only, due to payment methods.
I use Revolut and accept bank transfers.
50/50 PAYMENT
Before any payment, we'll discuss in writing exactly what you want: level of detail, coloring, and finish. We'll also agree on what I'm comfortable drawing and when I'm available.
Once we agree on the final price, I'll tell you my start date. Only then will I send you my QR code for the first half of the payment.
When I receive it, I'll start working on the sketches.
I'll send updates every 1-2 days.
Small changes (hair length, clothing details, props) are included at no extra cost.
If the requested changes are too big or too detailed, I reserve the right to charge an extra fee, which will be added to the second half of the payment.
The second half is due once the piece is finished, before I send the final high-resolution file.

ALTERNATIVE PAYMENT: STEAM GAMES
If you really want to commission me but can't pay by bank transfer, I'm open to accepting a gifted Steam game as payment. Its price must be similar to the price of the commission. In this case, payment is made fully upfront and is non-refundable.

REFUNDS
Refunds are not offered once work has started.
If you're unhappy during the sketch phase and don't want to (or can't) pay for a major change, or if you decide to cancel, I'll keep the first half of the payment. I'll send you the high-quality image of the piece in its current state.

DO'S AND DON'TS
I will NOT do NSFW or gore. Light wounds and a small amount of blood are fine.

I'm not very familiar with drawing furries, mecha, or firearms. For firearms, I'm okay if you provide plenty of references and have patience.
I won't draw anything offensive, political, racist, misogynistic, or involving bestiality, incest, non-consensual themes, or anything harmful involving minors.
If a request makes me uncomfortable, even if it isn't listed here, I reserve the right to decline and end the negotiation.

ARTIST'S RIGHTS AND USAGE
I have the right to display and share the artwork, always with a legible note that it's a commission.
If it's your character design, I'll include a credit such as [COMMISSION - DO NOT USE / ORIGINAL DESIGN BY (name or username)].
I won't sell anything featuring your commission.
If you share the artwork publicly, you must credit me. Removing the watermark or signature is not allowed.
The artwork is for personal use only. You may print it (on paper, t-shirts, etc.) or use it as a profile picture or wallpaper, always with credit. You may not sell it.
DO NOT use my art for AI training, NFTs, or anything similar.
