Sfx: car driving up the driveway

Sfx: Front door opening

Honey, is that you?

Are you finally home?

Sfx: footsteps

Hey sweetheart, welcome home. How was work today?

That's so good to hear, so your boss didn't give you any trouble today?

Yeah, I can get that. I don't like my boss either. But sadly we can't pick our bosses.

I have dinner on the stove for you if you're hungry. I have already eaten so you can have all you want and -

wait.. wait.. wait.. tell me i heard that correctly, cause i think my ears are fooling me

You have to work over tomorrow again? Babe you have been working over for the last month.

Look at you.. You look exhausted and you have been complaining that your whole body has been hurting, for the past 2 months!

I don't care what your boss says or does

sweetheart.. darling.. you are worrying me..alot..

Because you look like you're about to pass out on me..

No! that is not okay.

Babe, your work is taking a literal toll on your body and yet here you are, being more worried about what your boss might say about it or that you might get fired.

Okay, no, that's it. I have seen you working your butt off for that job, for the last 3 months now. I see you barely take time to relax or to take care of yourself. And I am not gonna just stand here anymore and watch you self-deprecating yourself because your boss says you're not doing a good enough job

no, no, no, you can't talk me out of this

I am making you take a break from work, before it consumes you

Yes i am serious

Your gonna take **at least** a week off work, to do **absolutely** nothing

baby you're not fine! You're anything but fine, you're destroying your body, only because someone is telling you, that you're not doing your job good enough, even tho you give it all you have and more

Now you get your ass upstairs and get into something comfortable.

What am I gonna do, you ask

I am gonna call your work and tell them you won't be in for at least a week.

strict No buts baby, get your ass up those stairs now

good, thank you

Sfx: footsteps

sigh okay now where is that number..

I know it's here somewhere

Where the hell did they put it....

Ah right on the fridge. How did i miss that
Now lets see...

84 965 054... 435

Sfx: pushing in number on phone

Sfx: Phone going over

Hello, am i speaking to the boss of the company

Can you connect me through to the boss of the company, please

It is about one of his employees

I would rather speak to the boss about this issue, but thank you very much

Yes, I can hold for a second.

Sfx: waiting call sound

Hello

Im calling on behalf of my significant other

Yes, this is their fiance speaking. I am calling in to let you know that they won't be coming in for at least a week, as they are gonna take some days off.. paid ofcourse

Yes I understand that they have a job to do, but I am also under the impression that working your employees this hard into the ground is against corporate policy. And I know for a fact, that you don't want this to get to the CEO. Or do you?

you don't think i will do it? Try me and find out. Because i care more about my fiance's health than your job.

Well then, it's good to hear we have come to an understanding, they will be back when they are able to.

have a good day, good sir

Sfx: Hanging up phone

sigh God i really hate their boss

they really need to go look for a better job...

Sfx: footsteps

Hmm?

Owh hey baby, i didn't hear you come in

yeah i just got off the phone with your work

What did they say? well i had a very interesting talk with yours boss

you have at least a week off. You can take as long as you want on your break, your boss said

I did not threaten him. I only told him the truth.

chuckling That's not the same, silly

now come over here, gimme a hug

Speaker and listener hug

god i really needed that hug

How does this sound? You are gonna go and take your time eating your meal while I go and set up a good hot bath for you so you can relax.

sounds good?

good, i missed that beautiful smile baby. there is the beautiful sweetheart i proposed to last year

now get that cute little ass to the kitchen and i will get that bath running for ya

Sfx: Kissing

hahaha, yes i called your ass cute, so what

Yes, it is cute.

Owh.. Getting all flustered now are we?

you're adorable baby

now go get your dinner while its still hot

Sfx: walking up the stairs

Sfx: faucet running

yelling Hey sweetheart? Do you want a scented bath? I know you like those a lot

yes of course i can put rose petals into the bath, but what sent do you want

hmmm let me check!

we got lavender, roses and mint! Owh and a vanilla scent hiding in the back

yeah, i think roses will go well combined with the rose petals

SFX: Door to the bathroom opening

hmmm? owh hey babe

how was the dinner?

good the bath is all done for you

yeah, of course you can get in

what?

no, you don't have to do that

baby, i mean it. You're gonna relax here in the bathtub and maybe i will bring you your tablet and something to drink

no no no that's out of the question

no, you are not cleaning the kitchen!

just because you don't have to work doesn't mean you have to do all the chores in the house now

eh! no buts!

your gonna relax and i am gonna clean the kitchen

eh what did i say

good

SFX: getting into the bath

how is the bath? not too hot, not too cold?

good.. now relax. let those muscles relax for once

SFX: splashing

(laughing) hey, don't splash me

your supposed to be relaxing, not splashing me

owh, is that how its gonna be then?

come over here then

nope got you now.

SFX: Kiss

there, now we are even.

aaawh are you all flustered baby?

all because of the little kiss

you're so cute sweetheart

yes you are!

(laughing) love you to sweetheart

now...

how about a little massage

(laughing) i knew you would love that idea
How is this? I am not hurting you, am i?

That's good to hear.

your muscles feel so tight sweetheart...

hey! no falling asleep now

i know it feels good but you shouldn't sleep in the bathtub

cause i don't want you to drown silly. Yes you can drown from falling asleep in the bathtub

yes you can

yes, why are we even arguing about this **(chuckling)**

Why don't you go and finish up here, then come to the bedroom to get some cuddles

of course we can put a movie on and eat popcorn while we cuddle

now the quicker you finish the sooner you can get all the cuddles you want

(chuckles) someone wants cuddles badly

so cute

yes you are cute, now i put your fluffy pajamas in the dryer to get nice and warm.

Everything for you baby, now i will see you in the bedroom soon

I love you more sweetheart and it's no problem

see you in a bit

SFX: Walking and the stops

hmm? What about the dishes?

owh, I will do them tomorrow. dont worry about it.

tonight its all gonna be about you
