Professional Summary

Model weights recent improvement, mile suitability and the provided sectionals. ROYAL BLAZE rates highest on the back of a fresh win, strong closing/overall figures (top-3 on both metrics), and adequate dosage for 8–10f. TEMPER TRAP is a solid course specialist with distance collateral but weaker recent form. DARING LEADER and PACO'S PRIDE have recent placed form around 9–10f to support the drop back to 1m; UNCLE LIAM and AURORA'S DOUBLESIX require marked improvement. Use paddock/market for confirmation given quick turnaround for the favourite.
