

## COCOA BUTTER ORGANIC SAFETY DATA SHEET

### SECTION 1: MATERIAL & SUPPLY COMPANY IDENTIFICATION

#### 1.1 Product Identifiers

Product Name: COCOA BUTTER ORGANIC UNREFINED  
CAS Number: 8002-31-1  
EINECS Number: 283-480-6

#### 1.2 Relevant identified uses of the substance or mixture

Suitable for food, cosmetic and professional applications only..

#### 1.3 Manufacturer / Supplier Details

Supplier: Heirloom Body Care  
Address: Unit 9, 28 Coombes Drive PENRITH NSW 2750  
Telephone: 02 4722 2123  
Fax: 02 4722 2904  
Email: [heirloom@heirloombodycare.com.au](mailto:heirloom@heirloombodycare.com.au)

#### 1.4 Information in case of emergency

Emergency Telephone: 13 11 26 - Poisons Information Centre

### SECTION 2: HAZARD IDENTIFICATION

#### 2.1 Classification of the substance / preparation

Not classed as a hazardous substance.

#### 2.2 Label Elements

Label in accordance with (EC) No 1272/2008

None

Signal Word

None

Contains

Contains no hazardous substances

Hazard Statements:

Not hazardous

Precautionary statements: None  
Supplementary precautionary statements: None

Other Hazards

No additional data available.

### SECTION 3: PRODUCT COMPOSITION

#### 3.1 Chemical Identification

Organic Cocoa Butter 100%

### SECTION 4: FIRST AID

#### 4.1 Description of first aid measures

|            |                                                                                         |
|------------|-----------------------------------------------------------------------------------------|
| Inhalation | Move the exposed person to fresh air at once. Seek medical attention if any discomfort. |
| Ingestion: | Rinse mouth and then drink plenty of water.                                             |

|                      |                                                                                                                                                                                                                            |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                      | Seek medical attention if any discomfort occurs.                                                                                                                                                                           |
| <b>Skin Contact:</b> | None                                                                                                                                                                                                                       |
| <b>Eye Contact</b>   | Immediately flush with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continued to rinse for at least 10 minutes. Get medical attention if irritation occurs. |

#### 4.2 Most important symptoms and effects of substance, both acute and delayed

No additional information available

#### 4.3 Indication of immediate medical attention and any special treatment required

No additional information available

### SECTION 5: FIRE FIGHTING MEASURES

#### 5.1 Extinguishing Media

Carbon dioxide (CO<sub>2</sub>). Dry Chemical Powder. Foam. Water fog.

Unsuitable extinguishing media: do not use direct water jet on burning material.

#### 5.2 Special hazards arising from the substance or mixture

Fine oil mists may be hazardous. This product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke and oxides of carbon.

#### 5.3 Advice for firefighters

Follow standard fire safety procedures. Wear self-contained breathing apparatus in confined spaces.

### SECTION 6: ACCIDENTAL RELEASE MEASURES

#### 6.1 Personal precautions, protective equipment and emergency procedures

Remove sources of ignition. Provide adequate ventilation. Avoid contact with skin and eyes. Wear protective equipment.

#### 6.2 Environmental precautions

Do not discharge into drains, water courses or onto the ground. Dispose of in line with Local authority guidelines

#### 6.3 Methods and materials for containment and cleaning up

Cover with an inert, non-combustible absorbent material. Place in covered containers and dispose of in accordance with current laws and regulations.

#### 6.4 Reference to other sections

None.

### SECTION 7: HANDLING AND STORAGE

#### 7.1 Precautions for safe handling

Apply good manufacturing practice and industrial hygiene practices, ensuring proper workplace ventilations. Observe good personal hygiene, and do not eat, drink or smoke whilst handling. Keep containers sealed when not in use. Prevent spills and leaks to avoid slip hazard. Always wear personal protective clothing (refer to Section 8). Provide suitable mechanical equipment for the safe handling of drums and heavy packages.

#### 7.2 Conditions for storage, including any incompatibilities

Store the product in tightly closed original container, in a cool (max. at room temperature) dry and well-ventilated environment and keep away from sources of ignition and protected from light. Maintain limited contact with oxygen.

#### 7.3 Specific end use:

No additional information available

## SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

### 8.1 Control parameters

None..

### 8.2 Exposure Controls

#### Protective Equipment

### 8.3 Other Personal Protection

|                                  |                                                                                                      |
|----------------------------------|------------------------------------------------------------------------------------------------------|
| <b>Process Conditions</b>        | No special measures required.                                                                        |
| <b>Engineering Measures</b>      | No special measures required.                                                                        |
| <b>Respiratory Protection</b>    | Use adequate ventilation.                                                                            |
| <b>Hand Protection:</b>          | When handling hot oil; Use chemically resistant gloves.                                              |
| <b>Eye Protection:</b>           | When handling hot oil; Wear safety glasses.                                                          |
| <b>Other Protection</b>          | Slip proof shoes may be worn in event of spillages.                                                  |
| <b>Hygiene Measures:</b>         | Good personal hygiene practices are always advisable, especially when working with chemicals / oils. |
| <b>Personal Protection</b>       | No special measure required.                                                                         |
| <b>Skin Protection</b>           | When handling hot oil; Wear appropriate clothing to prevent possibility of skin contact.             |
| <b>Environmental Protection:</b> | Avoid discharging into drainage water.                                                               |

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 General information

|                                              |                               |
|----------------------------------------------|-------------------------------|
| <b>Appearance:</b>                           | Off white to ivory solid.     |
| <b>Colour:</b>                               | Off white to ivory solid.     |
| <b>Odour:</b>                                | Natural                       |
| <b>Relative density at 40°C:</b>             | Approx. 0.90                  |
| <b>Flash point:</b>                          | >200°C                        |
| <b>Melting point</b>                         | Approx. 32-36                 |
| <b>Refractive Index</b>                      | NA                            |
| <b>Boiling point:</b>                        | >100°C                        |
| <b>Vapour pressure:</b>                      | No additional data available. |
| <b>Solubility in water (g/litre @ 20 °C)</b> | Insoluble in water.           |
| <b>Auto-ignition temperature (°C)</b>        | No additional data available. |
| <b>Other Information</b>                     | No additional data available. |

## SECTION 10: STABILITY AND REACTIVITY

### 10.1 Reactivity

Stable under the recommended handling and storage conditions.

### 10.2 Chemical Stability

Stable under the recommended handling and storage conditions.

### 10.3 Possibility of hazardous reactions

Polymerisation is not likely to occur.

## 10.4 Conditions to avoid

Avoid heat, flames, sunlight and other sources of ignition. Do not store above 20°C.

## 10.5 Incompatible materials

Avoid contact with strong acids, alkalis and oxidising agents.

## 10.6 Hazardous decomposition products

Product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes and smoke.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

|                                           |                    |
|-------------------------------------------|--------------------|
| <b>Acute toxicity:</b>                    | Non-toxic product. |
| <b>Skin corrosion/irritation:</b>         | Not classified.    |
| <b>Serious eye damage/irritation:</b>     | Not classified.    |
| <b>Respiratory or skin sensitisation:</b> | Not classified.    |
| <b>Carcinogenicity:</b>                   | Not classified.    |
| <b>Germ cell mutagenicity:</b>            | Not classified..   |
| <b>Reproductive toxicity:</b>             | Not classified..   |
| <b>STOT-single exposure:</b>              | Not classified.    |
| <b>STOT-related exposure</b>              | Not classified.    |
| <b>Aspiration hazard</b>                  | Not classified.    |
| <b>Photo-toxicity</b>                     | Not classified.    |
| <b>Other information</b>                  | Not classified.    |

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1 Toxicity

Not classified.

### 12.2 Persistence and degradability

>90% (OECD)

### 12.3 Bio-accumulation potential

None

### 12.4 Mobility in soil

Low – none.

### 12.5 Results of PBT and vPvB Assessment

Not applicable

### 12.6 Other adverse effects

Do not allow product to enter streams, sewers or other waterways.

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1 Waste Treatment Methods

Collect and dispose of in accordance with local, regional and national regulations. Product remainders should not intrude soil or waters.

## SECTION 14: TRANSPORT INFORMATION

## 14.1 UN Number

Not bound by transport regulations.

## 14.2 UN Proper shipping name

Not bound by transport regulations.

## 14.3 Transportation hazard classes

No classified under RID/ADR/IMDG.

## 14.4 Packing group

Not bound by transport regulations.

## 14.5 Environmental hazards

No hazard label necessary – non-hazardous product.

## 14.6 Special precautions for user

See sections 6 – 8.

## 14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC code

Not defined

## SECTION 15: REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Compliant with the requirements in the current Cosmetic Directives 67/548 EEC et 1999/45/CE.

#### Statutory Instruments

The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (S.I 2009 No. 716).

#### Guidance Notes

Workplace Exposure Limits EH40. CHIP for everyone HSG(108).

#### EU Legislation

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments.

### 15.2 Chemical safety assessment

No additional information available.

## SECTION 16: OTHER INFORMATION

**Hazard and/or Precautionary Statements in Full**  
**Other Information**  
**Revision Date**  
**Reason for revision**  
**Rev No/Repl, SDS Generated**

None – non-hazardous product.  
None.  
11/08/2020  
New SDS  
01
