Discussion Items (2:15-4:00)

- 2:15 [Legislative Update w/ Rachel Cohen](#)
 - See Rachel's excellent [slideshow](#) on the singular GE pattern
- 2:30 [Squad](#) time
 - Each squad focused on a particular area: suggestions to improve the GE page; a review of the DEA Committee's proposed DEA form that will be shared with CurriQuent to replace the one that has been used since 2005; discussions on lingering curriculum workload issues as a result of staying current with workforce changes; clarifying what needs to change soon regarding the deconstruction and reconstruction of CCSF's Area H in time for fall '24 effectiveness. The H Squad plans to meet outside of CC time.
- BREAK

- 3:10 Creating an ETHN crosslisting form ([draft idea](#))
 - As explained on the drafted form, this step could help clarify Ethnic Studies expectations and enhance outlines as more departments may need to crosslist courses for CSU Area F consideration. In general, CC members were fine with the form. Craig realized that an ES definition would be helpful.
- 3:20 [Disciplines list proposal process](#) for the ASCCC
 - Our [local request for new disciplines](#) presented to the ASEC in December
 - A possible [doc for investigation and collaboration](#)
 - This is actually a more substantial process than assumed, so CC members decided that collaboration should be extended to any departments interested in and capable of contributing to the investigation. We are too late to submit discipline requests for 2023 anyway. Craig offered to promote this at a Deans and Chairs meeting in the very near future.
- 3:45 Homework from winter break: [Read this article](#), which references CCSF and former CCSF admin now working elsewhere, to prepare for a January discussion and brainstorm on curriculum considerations that might help meet the changing needs of post-pandemic students and significant shifts in demographics.
 - This was an enjoyable discussion on the idea of reimagining what CCSF could be based on how needs and demographics have shifted since the pandemic. What does it mean to reimagine a college? How have workforce needs changed? How has student availability shifted. Enrollments have declined drastically everywhere, so what could bring in more students? Dual enrollment has increased and is the exception. How can online offerings enhance enrollment?
- 4:15 Adjourn
