EVERY
day count!**

ATTENDANCE MATTERS

We at Lac du Flambeau Public School value each and every opportunity for student learning and growth.

As a crucial component of student *academic, behavioral and social emotional growth*, we recognize that good attendance is more than complying with laws; rather, it is truly a matter of providing our children with more and better opportunities to learn!

So what does appropriate attendance look like?

APPROPRIATE ATTENDANCE =

Missing 9 days or fewer each year. That is 1 day (or less) each month.

Appropriate attendance allows your child to receive the **FULL** benefit of his/her education.

WARNING SIGNS =

Missing 10-17 days each year. That is 1 day every 2-3 weeks.

CHRONIC ABSENCE =

Missing 18 or more days in a school year. That is 1 day every 2 weeks.

Chronic absenteeism causes your child to miss out on fundamental academic, behavioral and social-emotional skills.

Make EVERY day count!
