

COVID-19 SCRED Update

As we continue to monitor the spread of COVID-19 throughout the United States and Minnesota, our plan is to follow the guidance from the Centers for Disease Control and Prevention (CDC), Minnesota Department of Health (MDH) and other local and national sources to ensure we have the best policies and procedures in place for the health and safety of our staff, students, families, and member district partners. As we work through this complex, ever-changing situation, the following steps have been taken:

- Networking/meetings/professional learning opportunities have been transitioned to a virtual format, postponed, or canceled through at least the end of April.
- Employees will office from home with the exception of a few essential employees working from the SCRED office on a rotating basis.
- Our office phone lines are open and will be monitored for messages.
- Our building will be closed to the public.

We are choosing to take these precautionary measures for the safety and well being of the entire SCRED community. Because the situation is ever-evolving, we will continually monitor the situation and update this site regularly. Please feel free to contact us with any questions or concerns.

As we continue on this COVID-19 journey together, we at SCRED also want to create certainty for you in these uncertain times. **Calm. Connected. Consistent.** This is our promise to you! We are going to continue to live out these attributes through our services and support. We truly are in this together and look forward to discovering new ways we can **collaborate, innovate, and advocate** to maximize outcomes for all learners!
