

Privacy Policy

We recognize that privacy of your personal information is important. Here is information on what types of personal information we receive and collect when you use visit, and how we safeguard your information. We never sell your personal information to third parties. We are committed to protecting your privacy. This privacy policy applies to our software applications (browser add-ons, desktop apps).

Personal Information

We do not collect personal information. Our server collects statistical data as every server - IP, OS type, Browser type, language etc. We use the server statistics only for statistical purposes. If you purchase our product(s) or service(s) - we will use your personal information only for communication purposes.

Log Files

As with most other websites, we collect and use the data contained in log files. The information in the log files include your IP (internet protocol) address, your ISP (internet service provider, such as AOL or Shaw Cable), the browser you used to visit our site (such as Internet Explorer or Firefox), the time you visited our site and which pages you visited throughout our site.

Credit card security

We don't sell directly, so - we will never see your credit card info. If you make a donation or buy something from our site, the payment process will be secured by the payment service provider.

Contact Info

We use your contact information only for communication between us (as provider/publisher) and you (as customer/user).

Email security

We do not send unsolicited email. We only write you if you write us. We do not collect email addresses. There are 2 possible situations we can have your email address - if you are our customer and/or if you contact us providing your email address. If you purchase our products or services, we will use the email address provided in the purchase process for sending you important information about updates, upgrades and bug fixes. If you give us your email address when asking question - we will use this email to answer you. We never give your email address to third party.

Neither nor its owner is responsible for spamming caused by malicious mischief, virus programs, or other form of malicious intent, nor by computer error, ISP error, server error, web host error, nor any unintentional act resulting in unsolicited email. Neither nor its owner is responsible for breach of privacy caused by malicious mischief, virus programs, or other form of malicious intent, nor by computer error, ISP error, server error, web host error, nor any unintentional act resulting in divulgence. All steps are taken to ensure the privacy of all parties who provide or its author with personal information, including the storage of email content and addresses on floppy disc or separate hard drive storage

Cookies and Web Beacons

A cookie is a small piece of information that is sent to your browser when you access a site.

We do use cookies to store information, such as your personal preferences when you visit our site. This could include only showing you a popup once in your visit, or the ability to login to some of our features, such as forums.

Software (Browser add-ons, software applications, extensions etc.)

We don't collect any personal information in our software. You can visit our site via links in our software. In such case the above site-wide privacy policy apply. We never collect any personal data. All saved data (like extension's settings or some software data) are saved in your local storage (hard disk) and is only synced (in case of browser extension/app) with your Google™/Opera™ account. We never see this data.

Changes

Although changes are likely to be minor, we may change our Privacy Policy from time to time in our sole discretion. We encourage you to check this page for any changes to our Privacy Policy.
