

GM: Galen

---

Summery:

- Ran with Awfuk, Spitfire, Wolfram
- Team met with Helen and learned her ex husband was harassing her. She wanted him to leave her alone for his safety
- Team used the matrix to track down a rough area he was hanging around in, and found out he had left his wageslave job by faking his death. After setting up a team with his fixer, they managed to offer him a job...then shit hit the fan
- After this, the team put in work to find out if were he was hiding, including having a sprite track down a commlink and calling up Sounder
- After eating a huge stunbolt, Flatline smooth things over by explaining he was harassing Helen, but then after calling her worked things out between them
