**For each meeting (regardless of number of people in your book club):**

1) **Discussion Director**-One person will write FOUR discussion questions based on the reading. They must be discussion questions! You must type them in a Google Doc or write them down! **You MUST have a Discussion Director EVERY week!**

2) **Matchbook Maker**-For each meeting, ONE person must complete and share the matchbox summary activity and glue it into the file folder that I give your group. You will turn the entire folder in at the end. You will share this with your group at the beginning of the meeting. I have paper for you. It is your responsibility to ask me for it. **You MUST have a Matchbook Maker EVERY week!**

3) **Character Captain**- Another person will complete a Character Activity. You may choose the character and assignment. **You MUST have a Character Captain**

**EVERY week!**

[Character Keyhole](#)

[Character Report Card](#)

4) **Passage Finder**- Another person will find two significant passages from the book. Consider looking for passages that use specific syntax or diction to create mood, passages that contain a symbol or motif, passages that reveal the theme, passages that use figurative language, or passages that reveal something significant about a character. You will type EACH passage on a different slide in Google Slides. Don't forget to include the page number! Each week you will add on to this slideshow. You will share this with me. During your meeting, you will SHARE your selected passages. EACH group member will analyze and respond to each passage! **You MUST have a Passage Finder EVERY week!**

## **Additional Jobs if you Have More than Four People:**

**5) Real World Relator (Ok, I made that word up)** Your job is to find a short article or short video that relates to a theme or topic in your book. You may also choose to research the author of the book. You **MUST** read the article **AHEAD** of time and come to class with the article in a **GOOGLE DOC** or enough copies for people in your group to share. If it is a video, you must have the video link copied into a Google Doc **AHEAD** of time. You will be sharing your find with your group and explaining the connection in several sentences. If it appears you have not read the article or previewed the video, you will not receive credit. If you are not able to explain the connection to your group in several sentences, you will not receive credit.

**6) Lexicon Lieutenant-** Locate vocabulary in your reading that is unfamiliar to you or that you think might be unfamiliar to your group. You must find two words.

- Identify the word.
- Write the sentence from the book with the word in it and indicate page number in parenthesis.
- Look up the word on Dictionary.com and write the

definition(s) of the word.

- If multiple definitions exist, choose the definition that fits the context of the book's sentence.
- **Together with your group, create a sentence using each new word in proper context. Share with me in a Google Doc!**
