

## **North West London Networked Data Lab**

### *Application to join the Patient and Carer Advisory Group (Reablement Care)*

Imperial College London and Imperial College Health Partners have been funded by the Health Foundation to run the North West London Networked Data Lab. The [Networked Data Lab](#) is the first network of its kind, bringing together analytical teams from across the country to work with their local communities and develop a deeper understanding of the factors affecting people's health in the UK.

The Networked Data Lab is currently focusing on better understanding the intermediate care and reablement services in North West London. As part of this project, we are forming a Patient and Carer Advisory Group to help ensure that the voices and perspectives of the local community are at the heart of our project.

We are looking for 8 patients and carers living in North West London who, within the last 3 years, have received or cared for someone who has received intermediate care or reablement services after being discharged from hospital.

**Role:** Member of the Patient and Carer Advisory Group (Intermediate Care)

**Project:** North West London Networked Data Lab

**Duration:** June 2023 - October 2024

**Commitment:** 4 workshops

**Payment:** £25 per hour for meetings plus travel expenses

The deadline for this application is **11 pm on 21st May**.

The form tends to take people 10 minutes to complete.

If you have any questions or would prefer to fill out your application over the phone, please get in touch with Jodie at [xxx@xxx.ac.uk](mailto:xxx@xxx.ac.uk) or at xxxx xxxxxx. [xxx@imperial.ac.uk](mailto:xxx@imperial.ac.uk) or [07561 873711](tel:07561873711).

## Start of Block: Role description

### What will you do?

- Attend 4 workshops between June 2023 and October 2024
- Share your experience of receiving intermediate care and your priorities for research in this area to determine what questions we should ask of the data
- Help make sense of our findings by sharing whether the results resonate with you, surprise you, or need further exploration
- Develop communications to share our findings with the local community so that we can effect real change in North West London

### What background or experience do you need?

- Lives or has received care in North West London
- Has, within the last 3 years, received or cared for someone who has received intermediate care or reablement care after being discharged from hospital
- Feels comfortable listening to, sharing, and expressing views within a meeting
- Has an interest in learning about research and data analysis

You do **not** need any previous experience with research or data analysis to join.

### What support will you receive?

- You will be paid £25 per hour\* plus travel and work from home expenses
- Individual access needs will be supported (e.g. accessible venues, support accessing the internet)

*\*Please note that it is your responsibility to declare any payments/vouchers to HMRC. If you receive welfare benefits, we suggest you seek expert advice before accepting any payment for involvement.*
