English 9 – Social Issues Inquiry (Day 4)
Reflect

Step 7: REFLECT

Before you start writing your essay, answer the reflection questions below to think about the research process.

Reflection Question	Response (2–3 sentences per question)
What part of the research process was the most challenging for you, and how did you work through it?	
What strategies or resources were the most helpful in finding reliable information and organizing your ideas?	
If you could do this project again, what would you do differently to improve your research or writing process?
