

Middle East Flag

Using the Thinglink app, tell the story behind your Middle Eastern country's flag. What do the colors and design represent? Be sure to include touchpoints on the appropriate locations on the flag to describe the meaning behind them.

I would also like you to include the following information about your country on touchpoints on your flag.

- A link to the national anthem and what it means/represents. The site www.nationalanthems.info/ will be very helpful with this task.
- Include who the Chief of State and Head of Government are. Be sure to include their names, titles, whether or not they are the Chief of State, Head of Government, or both, and a picture of each person. The [CIA World Factbook](#) should aid you in this task.
- When did your country gain its independence? All you need is a year.

You will submit your assignment to me directly from Thinglink. Send it to my e-mail: john.raby@thorntonacademy.org

This assignment is worth 15 points.
