Instructions:

1. **Card Base:**
   Fold the Timid Tiger Cardstock in half to form your card base.
2. **Background:**
   Adhere the Country Wood DSP to the front of the card.
3. **Leaves & Stem:**
   Stamp the stem and two leaves onto the 11" strip of Granny Apple Green cardstock. Die-cut all three pieces.
4. **Flower Center:**
   Die-cut the flower center from Pecan Pie cardstock. Use the Dark Pecan Pie Blend to color some of the die-cut triangle details.

5. **Flowers:**
   Die-cut the double flower and detailed flower from Darling Duckling cardstock. Cut apart the double flower and flip one piece over. Stamp the coordinating flower image onto both pieces using Darling Duckling ink. *Do not stamp the detailed flower piece.*
6. **Ink Blending:**
   Using a Blending Brush and Timid Tiger ink, add color to the top center of each flower piece. Start with the darkest color in the middle and blend outward to create a gradient effect.
7. **Assemble Flowers:**
   - Adhere one of the stamped flowers to the upper right front of the card.
   - Adhere the flower stem on top of this flower.
   - Attach the second flower over the stem, only applying adhesive to the center so the petals lift slightly.
   - Layer the detailed flower over both, again using adhesive only at the center.
   - Curl the petals slightly with a bone folder to give a realistic look.
8. **Add Flower Center:**
   Use Stampin' Dimensionals to attach the Pecan Pie flower center.
9. **Attach Leaves:**
   Adhere the leaves along the stem as shown.
10. **Sentiment:**
    Stamp your greeting on the ½" strip of Basic White cardstock. Flag both ends using paper snips. Adhere to the card front with Stampin' Dimensionals.
11. **Finishing Touches:**
    Add three Timid Tiger Flat Pearls to embellish the card front.
12. **Inside & Envelope:**
    Stamp the inside of the card and the envelope to coordinate.
