

N	Time	Topic	Room	Chair	Talk
2 febbraio 2026					
1	11:15-12:45	Epistemologia e affidabilità (1) Epistemology and Trustworthiness (1)	Geografia	Guido Boella	11:15-11:25: Guido Boella (SIpEIA Board of Directors), Introductory Remarks
					11:25-11:40: Teresa Numerico, <i>Predictions as prescriptions in AI systems and their implications on the change of true beliefs validation methods in scientific contexts</i>
					11:40-11:55: Xiaotong Li, <i>Constructivism and the Binding Problem in AI</i>
					11:55-12:10: Luigi Scorzato, <i>Reliability and Interpretability in Science and Deep Learning: Epistemological Foundations for Responsible AI</i>
					12:10-12:25: Michael Hemmingsen, <i>Beyond Consciousness: Project-Commitment and Moral Status in AI</i>
					12:25-12:45: Q&A
		Responsabilità e cura (1) Accountability and Care (1)	Etnologia	Maurizio Mori	11:15-11:25: Maurizio Mori (SIpEIA Board of Directors), Introductory Remarks
					11:25-11:40: Emily Elstub, <i>Safeguarding the Mind: Against an Absolute Right to Mental Integrity</i>
					11:40-11:55: Martina Baltuzzi, <i>Digital Twins in Medicine: Navigating Autonomy and the Ethics of Care</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

					11:55-12:10: Alessandro Brusadelli, Lorenzo Romagnoli, <i>Dati sintetici e identità computazionale: ripensare l'evidenza e la governance dell'IA in sanità</i>
					12:10-12:25: Alessandro Forneris, <i>Modernizzazione del linguaggio sociosanitario attraverso gli LLM</i>
					12:25-12:45: Q&A
		Creatività e immaginario (1) Creativity and Imaginary (1)	Aula II	Tiziana Catarci	11:15-11:25: Tiziana Catarci (President of SlpEIA), Introductory Remarks
					11:25-11:40: Marinella Belluati, <i>Intelligenza artificiale e società: un dialogo interdisciplinare per un immaginario sostenibile</i>
					11:40-11:55: Oleksandra Vereschak, Lorenzo Porcaro, Emilia Gómez Gutierrez, <i>Better Writing about AI: Framework of Cliché Expressions about AI in Written Scientific Communication</i>
					11:55-12:10: Angelo Oddi, Gianmauro Romagna, Riccardo Rasconi, Paola Panarese, <i>Bias-Aware AI for Cultural Heritage: Detecting Gender and Ethnic Stereotypes through LLMs</i>
					12:10-12:25: Perrine Gaudry, <i>Toward an Ethics of Ambiguity in AI Image Generation</i>
					12:25-12:45: Q&A
		Società e democrazia (1) Society and Democracy (1)	Aula III	Piergiorgio Donatelli	11:15-11:25: Piergiorgio Donatelli (SlpEIA Board of Directors), Introductory Remarks
					11:25-11:40: Luisa Damiano, <i>"Robots with Us, Not Like Us": An Epistemological, Ethical, and Design Paradigm for Social Robotics</i>
					11:40-11:55: Alfred "Win" Mordecai, <i>The Limits of AI Metacognition and the Consequences for Democracy</i>

					11:55-12:10: Vikram Sura, <i>Geopolitics and AI Governance: Reconciling Responsible Development, Equity and Power</i>
					12:10-12:25: Vincenzo Borrelli, <i>Governance and Management Systems of Artificial Intelligence. Human-centered models, voluntary regulations, and soft law for AI</i>
					12:25-12:45: Q&A
		Educazione e sostenibilità (1) Education and Sustainability (1)	Simonetti	Ines Crispini	11:15-11:25: Ines Crispini (SIpEIA Board of Directors), Introductory Remarks
					11:25-11:40: Matteo Bona, Francesco De Pascale, Simone Cuconato, Donato Ferrari, <i>Geo-Epistemic Framework in Literary Creativity: a comparative study of human and AI textual constructs</i>
					11:40-11:55: Simone Cuconato, Francesco Scarcello, Roberto Beneduci, <i>La dimostrazione logica nella didattica dell'IA: fondamenti epistemologici e applicazioni pratiche per una visione umano-centrica</i>
					11:55-12:10: Ludovica Marinucci, Marco Annoni, Cinzia Caporale, <i>Research ethics by Design nello sviluppo di sistemi di Intelligenza Artificiale per l'educazione: il progetto EYE-TEACH</i>
					12:10-12:25: Alessio Vaccari, <i>Le virtù intellettuali nell'era dell'Intelligenza Artificiale: ripensare la valutazione della ricerca</i>
					12:25-12:45: Q&A
		Diritto e governance (1) Law and Governance (1)	Geografia	Giovanni Sartor	13:45-13:55: Giovanni Sartor (SIpEIA Board of Directors), Introductory Remarks
					13:55-14:10: Kasey Barr, <i>When Machines Advise on War: AI, Human Judgment, and Legal Responsibility under International Humanitarian Law</i>
					14:10-14:25: Mia Richmond, <i>The Legal Status of Psychographic Profiles</i>

					14:25-14:40: Mária Fančovičová, <i>Artificial Intelligence and the Concept of the Moral Imperative</i>
					14:40-14:55: Thomas Sheku Marah e Marco Marchetti, <i>AI, Sovereignty, and Global Governance: Ethical and Legal Pathways for Human-Centered Regulation</i>
					14:55-15:15: Q&A
		Società e democrazia (2) Society and Democracy (2))	Etnologia	Luca Tenneriello	13:45-14:00: Gianluca Baldassarre, <i>The most important effects of artificial intelligence will be...</i>
					14:00-14:15: Fabiana Miraglia, <i>Verso un'Intelligenza Spirituale Artificiale (ISA): per una governance semantica e interculturale dei modelli linguistici</i>
					14:15-14:35: Q&A
		Educazione e sostenibilità (2) Education and Sustainability (2)	Aula III	Aldo Pisano	13:45-14:00: Giannangelo Boccuzzi, Alberto Nico, Giancarlo Masi, Flavio Manganello, <i>Epistemic Agency e statuto della matematica nell'IA educativa: uno spunto teorico su giustificazione, affidamento e responsabilità</i>
					14:00-14:15: Matteo Ciaschi, Daniel Dan, <i>AI and the Democratization of Knowledge: Methodological Design for an Inclusive European Educational Project</i>
					14:15-14:30: Alessandro Turano, <i>Formare all'Intelligenza Artificiale nella scuola: linee guida etiche, curriculum e competenze per docenti</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

3					14:30-14:45: Maria Valentini, Marco Emilio, Elena Mantoet, <i>Esercizi di futuro. Innescare cambi di paradigmi epistemici e pedagogici nei contesti scolastici pervasi da IA</i>
					14:45-15:05: Q&A
		Epistemologia e affidabilità (2) Epistemology and Trustworthiness (2)	Simonetti	Fabio Ciotti	13:45-14:00: Guido Boella, <i>Towards an Ethics Sensitive to Particulars: How Deep Learning Goes Beyond</i>
					14:00-14:15: Mustapha El Moussaoui, <i>Against Algorithmic Passivity: Human-Centric Governance of Generative AI in Creative Work</i>
					14:15-14:30: Arianna Boldi, Ilaria Gabbatore, Francesca Marina Bosco, <i>Pragmatic Norms, Machine Judgment, and Clinical Stakes: Probing LLM "Understanding" with a Validated Protocol</i>
					14:30-14:45: Ludovica Schaerf, <i>Knowledge Representation in Generative Vision Models</i>
					14:45-15:05: Q&A
	15:15-16:45	Responsabilità e cura (2) Accountability and Care (2)	Geografia	Federica Perazzini	15:15-15:30: Chothia Yalena, <i>Technoscientific re-orientations of human connection and the cold intimacies of artificial intelligence</i>
					15:30-15:45: Egenhoff Julia, <i>Digital body, coded femininity: FemTech and the constitution of "corpo-realities" under conditions of digital governance</i>
					15:45-16:00: Ryan SangBaek Kim, <i>Affective Sovereignty: Reclaiming the Right to Feel for Oneself</i>
					16:00-16:20: Q&A

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

		Società e democrazia (3) Society and Democracy (3)	Etnologia	Filomena Diodato	15:15-15:30: Marco Fasoli, <i>The non neutrality of generative A.I.</i>
					15:30-15:45: George Newson, <i>Id Engines: Generative Artificial Intelligence and/as the 'Collective Unconscious'</i>
					15:45-16:00: Maran Ida Weeber, <i>False Memories in the Age of AI: The (In)Effectiveness of Warnings Against Hallucinated Misinformation</i>
					16:00-16:20: Q&A
		Creatività e immaginario (2) Creativity and Imaginary (2)	II	Agnese Macori	15:15-15:30: Daniel Raffini, <i>Conflitti sociali e mediazione tecnologica nell'AI Literature</i>
					15:30-15:45: Claudia Cerulo, « <i>Why should our bodies end at the skin?</i> ». <i>Embodiment e AI tra filosofia femminista e letteratura speculativa</i>
					15:45-16:00: Vittoria Mascellaro, <i>Etica della visione: verità e autorialità nel cinema nell'era dell'intelligenza artificiale</i>
					16:00-16:15: Giulia Guarnaccia, <i>Contro-visioni: pratiche artistiche a confronto nell'era algoritmica</i>
					16:15-16:35: Q&A
		Educazione e sostenibilità (3)	III	Alessio Vaccari	15:15-15:30: Ines Crispini, Aldo Pisano, <i>AI&Ethics Literacy in Secondary School: A Pilot Study</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

		Education and Sustainability (3)			15:30-15:45: Lorenzo De Stefano, <i>Preserving Epistemic Agency: A Postphenomenological Approach to AI in Education</i>
					15:45-16:00: Heike Felzmann, <i>Running to stand still: obsolescence as challenge for meaningful assessment in ethics in the age of GenAI</i>
					16:00-16:15: Gaia Scarponi, Chiara Mecchia, Simone Teglia, Francesco Pro, Syrine Enneifer, Irene Amerini, <i>Teaching Machines Fairness: Data Poisoning for Bias Reduction in AI Models</i>
					16:15-16:35: Q&A
		Epistemologia e affidabilità (3) Epistemology and Trustworthiness (3)	Simonetti	Irene Iocca	15:15-15:30: Demet Tugce Dumanoglu Cosgrave, <i>Algorithmic Manipulation, Populism and Pragmatic Presuppositions: A Discourse Analysis Against Fictional Enemies</i>
					15:30-15:45: Carlo Ciucani, Eugenia Polizzi, Giulia Andrighetto, <i>AI and Social Corrections: Shaping Norms Against Misinformation Spread</i>
					15:45-16:00: Fatiah Sabiella, <i>Attention Pollution: A Social Pathology in the Age of Generative AI</i>
					16:00-16:15: Indrè Espinoza, <i>Algorithmic Injustice: How AI Systems Reinstate Systematic Inequalities</i>
					16:15-16:35: Q&A
		Educazione e sostenibilità (4) Education and Sustainability (4)	Geografia	Monica Barni	18:00-18:15: Kelly Arenson, <i>Talking Ethics with Machines: Large Language Models as Moral Conversationalists</i>

					18:15-18:30: Veronica Punzo, <i>AI Literacy within the School Context: Legal, Ethical, and Pedagogical Pathways toward Inclusive Education</i>
					18:30-18:45: Michael Ka-chi Cheuk, <i>Hybrid Intelligence in Higher Education: Teach as Case Study of Ethical and Human-Centric Use of AI</i>
					18:45-19:00: Noor Rizvi, Gitanjaly Chhabra, <i>Digital Inclusion as Ethical Imperative: Reimagining Access and Participation in AI-Mediated Education</i>
					19:00-19:20: Q&A
		Società e democrazia (4) Society and Democracy (4)	Etnologia	Marco Fasoli	18:00-18:15: Luca Tenneriello, <i>The Trolley Problem in the Age of AI. Ethical and Political Implications for Democracy</i>
					18:15-18:30: Arianna Atzeni, <i>Safeguarding Freedom as Non-Domination in the Age of AI: a Neo-Republican perspective on Bias and Political Instrumentalization</i>
					18:30-18:45: Isabella De Vivo, <i>La sovranità della decisione umana tra presunzione di affidabilità e standardizzazione</i>
					18:45-19:05: Q&A
		Epistemologia e affidabilità (4) Epistemology and Trustworthiness (4)	II	Daniela D'Aloisi	18:00-18:15: Marica Notte, Vieri Giuliano Santucci, <i>L'allineamento come sfida epistemica dell'autonomia artificiale</i>

					18:15-18:30: Gabriele Nino, Francesca Alessandra Lisi, <i>Value Alignment in the European AI Context: Universalism, Anthropocentrism, and Human-AI Symbiosis</i>		
					18:45-19:00: Chenithung L. Ngullie, <i>Can a Robot Tolerate?</i>		
					19:00-19:20: Q&A		
		Diritto e governance (2) Law and Governance (2)	Simonetti	Marianna Molinari	18:00-18:15: Donato Cappetta, <i>Verso un’etica del Data Scientist: un approccio deontologico per l'Intelligenza Artificiale responsabile</i>		
					18:15-18:30: Giordana Truscelli, <i>Ius e Lex: quando l’algoritmo detta legge</i>		
					18:30-18:45: Wanda D’Avanzo, Paola Barbara Helzel, Michele Leonetti, <i>Giustizia predittiva e intelligenza artificiale. Aspetti etico-giuridici della regolamentazione in vigore</i>		
					18:45-19:00: Mario Valori, <i>Apertura vincolata: AI Act, licenze etiche e sostenibilità dell’open source tra Europa e Sud globale</i>		
					19:00-19:20: Q&A		
		3 febbraio 2026					
		5	11:15-12:45	Creatività e immaginario (3) Creativity and Imaginary (3)	Geografia	Daniel Raffini	11:15-11:30: Andrea Sartori, <i>Cybernetic Analogy and the Ethics of Governing AI</i>
							11:30-11:45: Viviana Vozzo, <i>Iris Murdoch and the Concept of “Digital Realism”</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

					11:45-12:00: Francesca Medaglia, <i>Narrazioni algoritmiche: la serialità complessa tra creatività, AI e etica</i>
					12:00-12:15: Dimitri Ruggeri, <i>Le nuove forme della poesia tra etica e intelligenza artificiale</i>
					12:15-12:35: Q&A
		Diritto e governance (3) Law and Governance (3)	Etnologia	Marco Billi	11:15-11:30: Andrej Mitic, <i>Law and Artificial Intelligence Between Normative Convergence and Geopolitical Divergence: The Case of Serbia in the Context of the EU AI Act</i>
					11:30-11:45: Marinella Quaranta, Ilaria Angela Amantea, Marianna Molinari, Guido Governatori, Marco Billi, Federico Galli, Antonino Rotolo, <i>Designing A Compliance Tool in Light of the EU AI Act</i>
					11:45-12:00: José Miguel Diéguez Rodríguez, <i>Gaining time to do the right thing or simply missing the point? The inclusion of stress and burnout as "emotions" in the Guidelines on AI Prohibited Practices</i>
					12:00-12:15: Marianna Molinari, Ilaria Angela Amantea, Marinella Quaranta, Guido Governatori, <i>Employing LLMs to Extract Principles of Law for Predicting Outcomes: An Analysis of Italian Judgments on LGBTQIA+ Rights</i>
					12:15: 12:35: Q&A
		Epistemologia e affidabilità (5) Epistemology and Trustworthiness (5)	II	Fabio Ciambella	11:15-11:30: Tomasz Braun, <i>The Collective Agency of Artificial Intelligence: Autonomy without Personhood</i>
					11:30-11:45: Eylem Doğan, <i>A Genealogical Inquiry into AI Ethics: Responsibility beyond Anthropocentrism</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

					11:45-12:00: Antonio Pio De Mattia, <i>Towards an Elenctic Praxis for AI Governance: Immanent Justification, Performative Contradiction, and Democratic Intelligibility</i>
					12:00-12:15: Antonio Gaitán-Torres, <i>Exploring Three Relational Models of Human-AI Interaction</i>
					12:15-12:35: Q&A
		Educazione e sostenibilità (4) Education and Sustainability (4)	Simonetti	Isabella Chiari	11:15-11:30: Myrtna Nikolaevna Marangoni Kumov, <i>Chromosome AI: Deepfakes and Symbolic Violence Against People with Down Syndrome</i>
					11:30-11:45: Natalie Nenadic, <i>AI Deepfake Pornography, Sex-Specific Harms, and Law</i>
					11:45-12:00: Antonio Luca Donato, <i>Beyond Images: From Deepfakes to Synthetic Violence</i>
					12:00-12:15: Emanuela Guarcello, Francesca Pileggi, <i>Developing Critical-Constructive Postures on AI in Primary School: Towards a Feeling of Universal Responsibility</i>
					12:15-12:35: Q&A
		Società e democrazia (5) Society and Democracy (5)	Geografia	Matteo Pietropaoli	15:30-15:45: Paula Borges Liebana, <i>Beyond the Fragmentation Debate: Understanding Social Media's Public Sphere through Epistemic Enclosure</i>
					15:45-16:00: Sara Pane, <i>Generative AI, Agentic State and Quasi-Otherness: Configurations of Post-Digitality in Contemporary Europe</i>

					16:00-16:15: Daniel Melbert, <i>Being, Alienation, and Production in the Age of Generative Artificial Intelligence</i>
					16:15-16:35: Q&A
		Creatività e immaginario (4) Creativity and Imaginary (4)	Etnologia	Elisiana Fratocchi	15:30-15:45: Giorgio Busi Rizzi, <i>AI fought the law: images, authorship, copyright, and the (post)digital</i>
					15:45-16:00: Silvia Lilli, <i>Oltre il plagio: pensare i testi generati nella letteratura del futuro</i>
					16:00-16:15: Matteo Da Pelo, <i>La creatività artificiale oltre l'intelligenza: una prospettiva strumentale</i>
					16:15-16:30: Giorgio Nisini, <i>IO/IA. Un esperimento di fanta-autofiction</i>
					16:30-16:50: Q&A
		Epistemologia e affidabilità (6) Epistemology and Trustworthiness (6)	II	Iolanda Plescia	15:30-15:45: Valentina Cavani, <i>La produzione sintetica del mondo: etica, conoscenza e giustizia nell'era dell'IA</i>
					15:45-16:00: Luca Pezzini, <i>Ipsium dixit. Il modello black-box come attore epistemico e discorsivo</i>
					16:15-16:30: Latha Poonamallee, <i>Mindful Agents: An Ethical Scaffold for Human Judgment in AI-Mediated Environments</i>
					16:30-16:50: Q&A
		Responsabilità e cura (3)	III	Sabine Elisabeth Koesters	15:30-15:45: Jennifer Ang, <i>What is it about Care that Carebot Changes?</i>

Convegno SlpEIA 2026 - Sessioni parallele

SlpEIA Conference 2026 - Parallel Sessions

		Accountability and Care (3)			15:45-16:00: Eleonora Catena, <i>The Impact of Personalized AI on Personal Autonomy</i>
					16:00-16:15: Petr Jošt, <i>AI Moral Assistant: Machine Ethics in the Context of Moral Enhancement</i>
					16:15-16:35: Q&A
