

## ECCP PROCESS

1. Complete ECCP Application(s) by the deadline [FEB 1ST for Summer, MARCH 1ST for Fall, OCT 1ST for Spring]
2. Find course(s) on the college website(s) to list on the ECCP Application(s) - look for courses without a prerequisite and not similar to FHS courses
3. Turn in completed applications to the secretaries in the Student Services Office at FHS
4. Approval letter will come about a month after the deadline giving you permission to move forward and now separately apply to the College(s) for all applications - no essay or fee for these college applications. This application will put the student into the college system to be able to register for courses when it's time.
5. Work with the college contact person to get registered when they communicate that it's time to register for course(s)
