

Ext. Railroad, Nighttime

Fade in

The moon is high over the plain. The setting is nondescript, but the planes are wide and rolling, perhaps in Wyoming or Nebraska. **SKIMBLESHANKS, the RAILWAY CAT** (portrayed by Jeff Bridges) prances along the railway, followed by a posse of less notable cats.

SKIMBLESHANKS [ponderously]: *Sometimes, when the moon is high, it takes me back to my time in the litter, with my brothers, with my sisters, wishin for a saucer of milk. [Beat] The haves have had for too long. It's time for the have nots to take some of what's there.*

The camera cranes upwards, and we see a gaudy train approaching, just across a bridge.

SKIMBLESHANKS pulls sticks of dynamite out of his pockets, as his cronies begin running line from detonators. The train gets closer, tension rising. We begin to hear the thrum of electric guitars. **Class Warfare**, an original song by **Rage Against the Machine**, begins to play as the bridge explodes and cats begin to overrun the train, taking terrorizing the wealthy passengers, spilling milk all over the cars.
