

Implementation Plan

Resource #1 (copy for additional modules)

Context for Use (details about your course)

Department:

Audience Level: **High School/Undergraduate/Graduate/Faculty** (select one)

Undergraduates: **Majors/Non-majors** (select one or remove)

Instructional Setting: **Lab/Lecture/Both** (other, please describe) (select one)

Number of Students:

Expected dates of implementation:

Quantitative learning objectives:

- Objective 1

Other [Theme] learning objectives:

- Objective 1

1. What learning objectives (content knowledge/skills) are you planning to address in your course using the selected module materials?
2. Briefly describe the pedagogical techniques you plan to use to facilitate the module and reinforce the learning objectives you identified above.
3. Are you planning on making any adaptations to the materials? If yes, please describe them here. If no, please indicate why.
4. Do you think you will need to incorporate any supplemental materials with this module? If yes, please either describe what you are planning or include any materials you have already found.
5. What assessments are you planning on using to measure student progress? If possible, describe, attach, or provide a link here.
6. Please provide any additional notes here (i.e. a to-do list of items that you need to accomplish before your implementation)

Reflection Questions for after your implementation

1. Overall, how did your implementation go?

2. What feedback (positive or negative), if any, did you get from your students about this experience?
3. Do you plan on continuing to use this module in your future courses?
4. What would you do differently if you were to implement this module again?
