Description & Loadout

Physical Description

Mirai is a Miralian male a little below average in just about everything. Height, weight, muscle mass, the lot. He's got short, black hair swept messily to the side. There's a scar on his cheek from the day he met Fennyl. He was getting beat up and she saved him. His eyes are wide and blue, very innocent and lovable. At first glance you'd never think he was a pirate pilot. His skin is a natural deep green, and he has tribal tattoos on his forearms, back, thighs, and his forehead.

General Aspects

Ace In The Hole

If there is one thing Mirai prides himself on, it's his skills as a pilot. If one were to ask him, he'd say it was probably the only thing he was good at, so much so that he is the Pirates Ace in the Hole.

Unfortunately, that puts a lot of pressure on him to perform well, pressure that he can often struggle with when dire situations arise.

Lover Boy

Mirai is in love with Fennyl. There's no doubt about it, and she's the reason he does what he does. He would not be a pirate without her. He's convinced she doesn't feel the same way as he does for her, but that doesn't stop him from trying to put his best foot forward for her.

Personality Aspects

Unnoticed

For the most part, Mirai gets through the day unnoticed. Because of his less than stellar physique and meek attitude, he rarely engages with anyone he doesn't have too, instead proffering to keep to himself.

His shy and timid nature, however, has made him a bit of an loner. So it's a good thing he at least has Fennyl.

Right?

Shriek Hawk

Mirai's attitude changes when in the cockpit of a starfighter. He's ruthless, commanding, and fiercely intelligent. He becomes perhaps the most confident pilot, setting the example for those to follow.

The switch in demeanor can be a bit off-putting to some, and his overconfidence could prove to be his downfall despite his skills.

Combat Aspects	
Lone Warrior Mirai isn't one for working in a team. He prefers to break off from his role in a fighter squadron and fight on his own, rather than being stuck to rigid routines and predictable maneuvers. Unfortunately, this makes Mirai an easier target against ships with overwhelming firepower, or those who can match his skills as a pilot.	Foolish, Reckless, And Damn Near Brilliant! Mirai, as a pilot, is a fan of the stupid, the bold, and reckless. It makes him unpredictable, and has earned him his spot as the Pirates' number one pilot. He's not afraid to dive bomb, threaten crashing into an opposing ship, spin out of control, or even cut his engines if he felt it would net him an advantage. Naturally, his overconfidence could net him in trouble, especially if his ship could be tampered with from a distance.
