

It is time to #FightForAloha and elect Kaniela Ing for HI01
TWITTER STORM WEDNESDAY AUGUST 8th 12PM HST/3PM PST/6PM EST

Background on Kaniela Saito Ing:

Kaniela Saito Ing is a 29 year old Native Hawaiian lawmaker. If elected, he would be the youngest and only Native Hawaiian in the Hawaiian delegation to Congress. Kaniela first ran for office at 22 years old while working at a resort cleaning locker rooms.

Kaniela has been in the State House for six years rising to the ranks of Majority Policy Leader. In his tenure he championed marriage equality and drivers licenses for undocumented immigrants into law. He has fiercely fought for women's health, and wrote and passed same-day voter registration legislation.

Kaniela is running on one of the boldest, progressive platforms across the nation: **Housing for All, Medicare for All, Student debt cancellation, Abolish ICE**. He is the only candidate in the race refusing all corporate money. Our campaign has also broken the record for number of individual campaign contributions for our district-- in state history.

The election is this Saturday August 11th and we can push lots of folks because there is same day voter registration, you can thank Kaniela for that policy as well.
