

# 2023 World's Information

[2023 VEX Robotics World Championship - VEX IQ Competition Elementary School Event](#)  
[2023 VEX Robotics World Championship - VEX Robotics Competition Middle School Event](#)

**Your Program Coordinator will register your team once they have received the POSTSEASON EVENT REQUEST FORM** (STEP 2 link in [Worlds/Championship Guidelines](#))

Hotel tips....

- Secure Hotel Rooms ASAP [VEX Robotics World Championships | Hotel Information \(teamtravelsource-facilities.com\)](#)
- Consider ones with kitchens so teams aren't eating out - the days are long and kids usually want to go back to the hotel to swim and hang out.
- Close enough for the team to walk to the stadium - less need for rental cars

Flight tips....

- Book ASAP
- VEX IQ can carry on bot/drones
- MS/HS VEX - contact airline OR there is a Robot Shipping option in the website listed above OR reach out to another team/program who is driving from our area (ie. Grandville, Plainwell, Jenison, etc)

Donations...

- Caledonia EnrichED is a 501c3 thus businesses and persons can make a tax-deductible gift via the [link here](#) (or on [website](#)). Checks can be mailed to: Caledonia EnrichED PO BOX 194 Caledonia, MI 49316
- Donations are tracked via Google Sheets. As donations arrive, the Robotics Treasurer will update the [Team Fundraising Account](#). This spreadsheet will be shared with the coach and team fundraising coordinator.
- Please send team donations to Cal EnrichED (divided evenly amongst members and the donor would like a tax-deductible receipt).
- Personal donations (not requiring a tax-deductible receipt and specific to one team member) do not need to go through our organization. For example, if grandparents would like to give a donation to their grandchild but do not want a tax deduction.

Reimbursement...

- Submit a [Post Season Check Request](#). All reimbursement requests MUST have a receipt. Credit card statements will not be accepted. Reimbursement cannot exceed the amount available in the Team Fundraising Account. Go to [Post Season Reimbursement Guidelines - Google Docs](#) for more specific information on reimbursement.

T-shirts....

- We recommend having 1 team shirt for student/coach for each day of competition. This can be a different design than the standard VEX Robotics shirt. Just keep in mind, teams will be looking for your 'brand' during alliance selection, so you may want to at minimum, keep the same color.
- Contact Lisa Proxmire [lisa.grmi@fullypromoted.com](mailto:lisa.grmi@fullypromoted.com) to order. She has been our t-shirt provider for many years and is very familiar with the robotics program. Go to [Postseason T-Shirt Ordering Guide - Google Docs](#) for more specific information.

Fundraising...

- See STEP 5 of the [World's/Championship Guidelines](#)
- If you would like a fundraising flier created for you, [complete the form here](#). Information will also be used on the [EnrichED World Championship Fundraising Page](#).

# TIMELINE

(Recommended, *unless in BOLD*)
