

PSAT/NMSQT

Preliminary (or Practice) SAT - Odyssey offers a practice exam in 8th - 10th grade. Each student takes the exam, generally in the Spring semester.

Purpose: Practice and expose for one of the two entrance exams that most colleges/universities (unless test optional) use for acceptance and financial aid. It will provide information on student readiness for college and areas of strength and weakness.

National Merit Scholarship Qualifying Test (NMSQT) - Odyssey offers this practice exam to all juniors in October.

Purpose: In addition to practice and exposure, this test may qualify college bound individuals scholarship money from corporations and universities. A special category with the test provides potential scholarships through National Hispanic Recognition Program (NHRC).
