Phone number of institution contact:

Please list your publications relevant to the discipline of Extracorporeal Therapies:

¹ Full-time equivalency is the collective percentage of professional time and experience devoted to nephrology and urology. It represents categories of activity related to urinary disease including clinical effort, specialized training, research, teaching/mentoring, continuing education, advocacy, leadership, journal review, and other activities related to the discipline. A documented publication record including authorship of relevant scholarly works in the discipline of Extracorporeal Therapies resulting from clinical investigations or basic research in the discipline, and documented contribution to the promotion, direction, and advancement of the specialty contribute to the full-time equivalency.

Please list any professional presentations you have given relevant to the discipline of Extracorporeal Therapies (including Title/Date/Conference):

Describe your training history of fellows, residents, students, and/or technicians in Extracorporeal Therapies:

Describe your professional experience providing extracorporeal therapy (including a historical timeline and if possible case logs)

Renal Replacement Therapy:

Adsorptive Therapies (e.g., hemoperfusion, plasma adsorption):

Therapeutic Apheresis:

Please provide three (3) professional references and ask them to submit signed letters directly to info@acvnu.org, endorsing your excellence in the field of Extracorporeal Therapy.

Reference Name and Email Address

1. _____
2. _____
3. _____
