Agenda (item and time)	Relevant data, information, discussion	Outcome and Action
<b>Does it affect the whole school?</b> <b>Does it impact our school improvement goals?</b>		
SIT Goal 2 & 3 Review- Emily Fagan  (10 minutes)	<a href="#">2019-2020 SIP Goals- focused discussion and update on goals 2 and 3</a>  Discussion - should we use a 3 year average if we are tracking each group of students specifically in the goals? It was pointed out that an average of averages is not mathematically sound. Could 3rd grade BOG scores be used instead?	<b>Outcome(s):</b> None  <b>Action(s)            Required:</b> <b>Take questions            back to CLT and            go from there.</b>
