

Hi Hannah,

I have recently seen your Hanalicious website.

The testimonials, particularly the one from Lucy McDonald, caught my attention.

It's clear that you have a natural talent for positively impacting people's lives, and that's something truly commendable.

Iv got ideas to convert more prospects into clients of your coaching.

I've drafted some copy tailored to your audience, focusing on addressing their unique needs and desires. I have left a copy below.

However, I want to ensure it resonates perfectly with your brand and target audience.

Your input and suggestions are incredibly valuable to me.

I have a strategy to help propel your Hannalicious brand to even greater heights.

Would you be open to discussing these ideas further?

If so, DM me a quick yes or no.

Kind regards

Tim
