Contributor Guidelines

- Illustration templates will be provided for contributors via email upon acceptance.
- There is no maximum amount of entries contributors are allowed to draw after being accepted. You are allowed to draw as many entries as you want as long as you can deliver them on time for the final deadline.
- **A work-in-progress will be required during the first 2 check-ins at 11:59pm PST and the complete artwork will be due by August 31st at 11:59pm PST.** There is no need to ask for an extension for the check-in deadlines, just as long as the piece is done and ready to submit during the final submission deadline. A final notice will be sent via email for those to fail to give or provide the mods a valid reason for not meeting the check-in deadlines. Failure to respond to the final notice email will result in an automatic withdrawal from the project.
- Profit earned at the end of this project (after deducting from printing services, shipping, bonus content, and sample copies) will be used to provide the contributing artists with a copy of the art book.
- The remaining profit will be donated **entirely** to either a COVID-19 or mental illness association.

Fully finished pieces shouldn't be shown anywhere until we give a green-light (this also includes streaming) only post a preview. Preview should only show 20-40% of the full picture.
