

Tasks - Primary 7

Time to explore, create and have fun!

The suggested tasks below are **optional**.

Literacy	Design a winter themed comic strip. Remember to use all your VCOP skills.	Write an autobiography of a famous sports personality/scientist or author. Can you find out any exciting facts?	Create a diary entry for your school closure day and illustrate it. Use the question words; who, what, where, when and how to help you.	Read for enjoyment.
Numeracy	Create a set of loop cards for your class where the answer to one is written on the next question.	Using the information found on the Asda or Tesco website, write a list of items you could purchase using a budget of £20.	Create a poster of everything you know about 2D and 3D shape. Now go online to find out additional facts, add these to your poster to up-level your work.	Talk to an adult about what you have been learning about in maths. Use Sumdog or Topmarks sites to work on any areas of improvement.
Health and Wellbeing	Create a leaflet to encourage people to look after their bodies. Think about hygiene, diet and exercise.	Identify three methods of persuasion used by media/advertisers to influence consumers, for example, logos. Note in your scrapbook.	Participate in moderate to vigorous physical activity. (Online Zumba? Dancing? Circuits?)
