- Agenda Items
    - Blackboard Course
    - Common Book read
    - Faculty Student URM Mentoring Program
- TCO Space
    - Late Hours needed
    - Space used in afternoon, after Dean Schlesinger pops in
- Blackboard Course
    - Could also create an “Insider’s Guide” like the one given to grad students at Orientation
        - Could let Internal Affairs work on this
    - Could also create a mobile app
    - Could make a pamphlet
        - Include info about
            - Restaurants, travelling, nearest post office, bank, food prices (Eddie’s is expensive on X but cheap on Y)
        - Admissions could help out with it
- Common Book Read
    - Make it opt in, get upperclassmen into each discussion group
    - Thematic:
        - 2020 - 100th Anniversary of the passage of the 20th Amendment
        - 2018 - 100th Anniversary of the RFK, MLK assassinations
    - Have more than one book with more than one perspective
        - Lots of books → lots of perspectives
    - How books are chosen:
        - Nominees debate them, read them during the year
        - No students currently on the selection committee
        - Data is a little unfortunate - only 20% of students read the book
- Faculty Student URM Mentoring Program
    - Check with faculty to see if it naturally happens
    - May end up putting hundreds of students onto just a few faculty
    - Could also do programming
        - Have mixers b/w minority alumni and minority students
        - Need framework: Jobs, mentoring, talks ***
    - Could get alumni more involved
        - Networking
        - Parents + internships + job opportunities
        - Lots of alumni active in DC
    - Use the reinvigorated Career Center ***
    - Need framework ***
    - Take stock of current mentoring structures
        - Current faculty have student advisees
        - HSA
        - Alumni from KSAS and WSE

- Are these underpopulated? If so, could we direct something there or swap it out for something else
- *** “Reinvigorate or retire ***
    - Committee about efficiency, maximize use of time
    - People carve out more time in the day
    - Build new centers with built-in sunset clause so that it either is retired or renewed
        - Have things checked 5 years from now, with numbers reviewed 4 years from now so things can change over time as student needs change
    - Once every few years: come present to the Deans with research, funding, plans, a “360 degree” review
    - 3 deep committees better than 8 less deep committees
