

## St. Louis AAZK Conservation Grant Application 2022

The goal of the conservation grant is to enable Saint Louis Zoo staff and AAZK partner affiliates to participate in global and local conservation efforts. If applying for participation in a Saint Louis Zoo WildCare Institute (WCI) project, the pertinent Center Director must sign the application approving the applicant's involvement, and thereby verifying that funding cannot replace WCI budget designated for this purpose. This money is to be used for new or additional staff to participate. Cross Departmental or Cross Institutional projects are allowed. All applicants are obligated to meet all internal requirements of their institution, if necessary, for this grant process.

*Please fill out the following application, save it in Microsoft Word with your name in the title and submit it via email to gerker@stlzoo.org. Deadline for the grant is May 15, 2022. In order to be considered eligible for consideration, each applicant must be a member in good standing of both AAZK National and St. Louis AAZK at the time of application submission.*
