

ALOHA MOMS (AND DADS),
HERE IS WHAT I HAVE PUT TOGETHER. DON'T STRESS. YOU DON'T HAVE TO
DO EVERYTHING IN A DAY. PICK AN ACTIVITY, SET A 20 MINUTE TIMER ON
YOUR PHONE, WHEN IT GOES OFF SWITCH TO SOMETHING ELSE. SAVE IT FOR
TOMORROW, TRUST ME! IT WILL KEEP YOU SANE AND YOUR CHILD SANE.

For those of you that don't know me, my name is Jamilee Jimenez. I am currently a 1st grade teacher at Alaka'i PCS. Prior to that I was teaching Kindergarten at a private catholic school. I graduated from the Chaminade Master of Education program. Everything listed is materials I have gathered throughout my years of teaching. Enjoy!

READING:

Epic books! They have an app. Download, make an account. Use the read to me section, your child can listen to reading. I know I know we want them to READ. But epic highlights words as it reads to your child and let me tell you! This carries over into writing! If your child is a little older you can have them do the reading comprehension quiz at the end of each book.

Get a writing journal or tablet. Work on writing prompts.

My favorite food is....

My favorite beach is...

My favorite color is.....

Also work on descriptive sentences

I see the dog....

The dog is (insert color)

The dog is big? Small? Fast? Slow?

I like the dog.

If you have a young child not yet writing. Have the work their abc's. HINT FOCUS ON LOWERCASE LETTERS. This is something I notice while teaching, kids have a hard time with lower case. Think about it, you use more LOWERCASE letters than capital letters right?

Drawing pictures are important in this age group so write and draw a matching illustration.

SCIENCE (K-6):

Weather Graph: make this part of your daily routine, kids love it!

Stuck with the kids at home? We have a full lesson plan available about Kaua'i forest birds and conservation in Hawai'i developed for grades 4-12! There is also lots of fun educational games, coloring pages and our youtube channel!

All available for FREE here: <https://kauaiforestbirds.org/tools-for-teachers/>

SOCIAL STUDIES:

This is perfect for K-2, maybe even 3rd grade. It's an interactive notebook. Print, and have scissors and glue available for your child.

MATH:

Eureka Math (common core): Eureka is soooo fun for grades K-2. Similiar to science there is an engaging video lesson with paperwork to match!

Follow these steps to get the FREE math material:

Step 1: get onto google.com and type into the search bar "eureka math grade 1 module 1 lesson 1". If your child is 2nd grade type in "eureka math grade 2 module 1 lesson 1". Change the grade level for what you need. You will see results from engageny.org. USE THAT LINK.

Step 2: print out your resources, one worksheet a day is fine and more than enough. Each lesson has a weeks worth of assignments. Doing one a day will help with mastery.

Step 3: go to youtube.com and type in the same search "eureka math grade 1 module 1 lesson 1". Videos from Teaching Independent Learners. USE THOSE VIDEOS, she has a

nice cheery voice and everything starts off with "Hi friends!" Make sure your child has scratch paper or a white board. It's engaging and the video will ask them to participate.

Khan Academy:

FREE. go to the khan academy website and make an account, download the app on your phone or tablet. What I like about this is you can assign assignments to your child. If you know he/she struggles in say addition, assign that to them.
