Styles & Prices:

\$10USD for an icon, 5x5 canvas

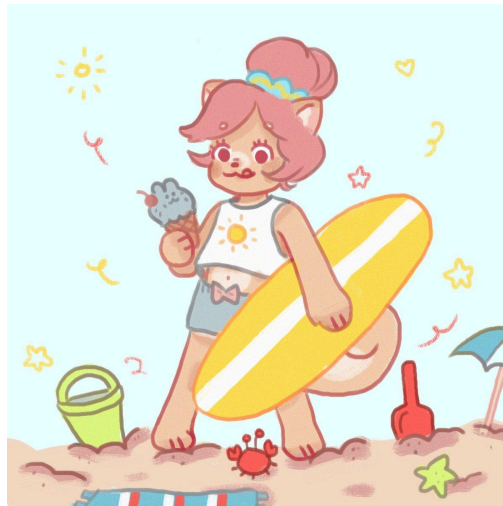

\$15USD for a single character full color like this:

Every *additional character* is **+\$10USD**

(excluding pokemon/animals, which I will often be happy to try to include.)

You can let me know what kind of scene/poses if you would like and I will try to accommodate! It's usually better if you have a story like "they're going shopping, they're at the beach, etc." Just something I can work with!

Backgrounds will be minimal/flat color/transparent.

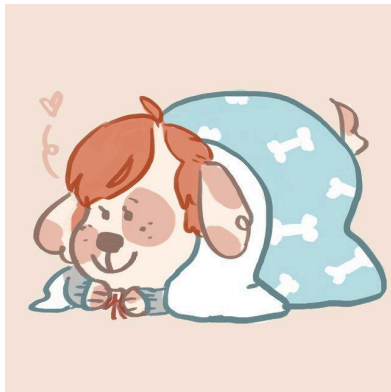

I can do very minimal objects like seen above.

It will be done on a 5x5in canvas! If you have a file preference please let me know!
